ABOUT US

Sance, founded in 2004, is a brand of brackets and mounting design and manufacturing.

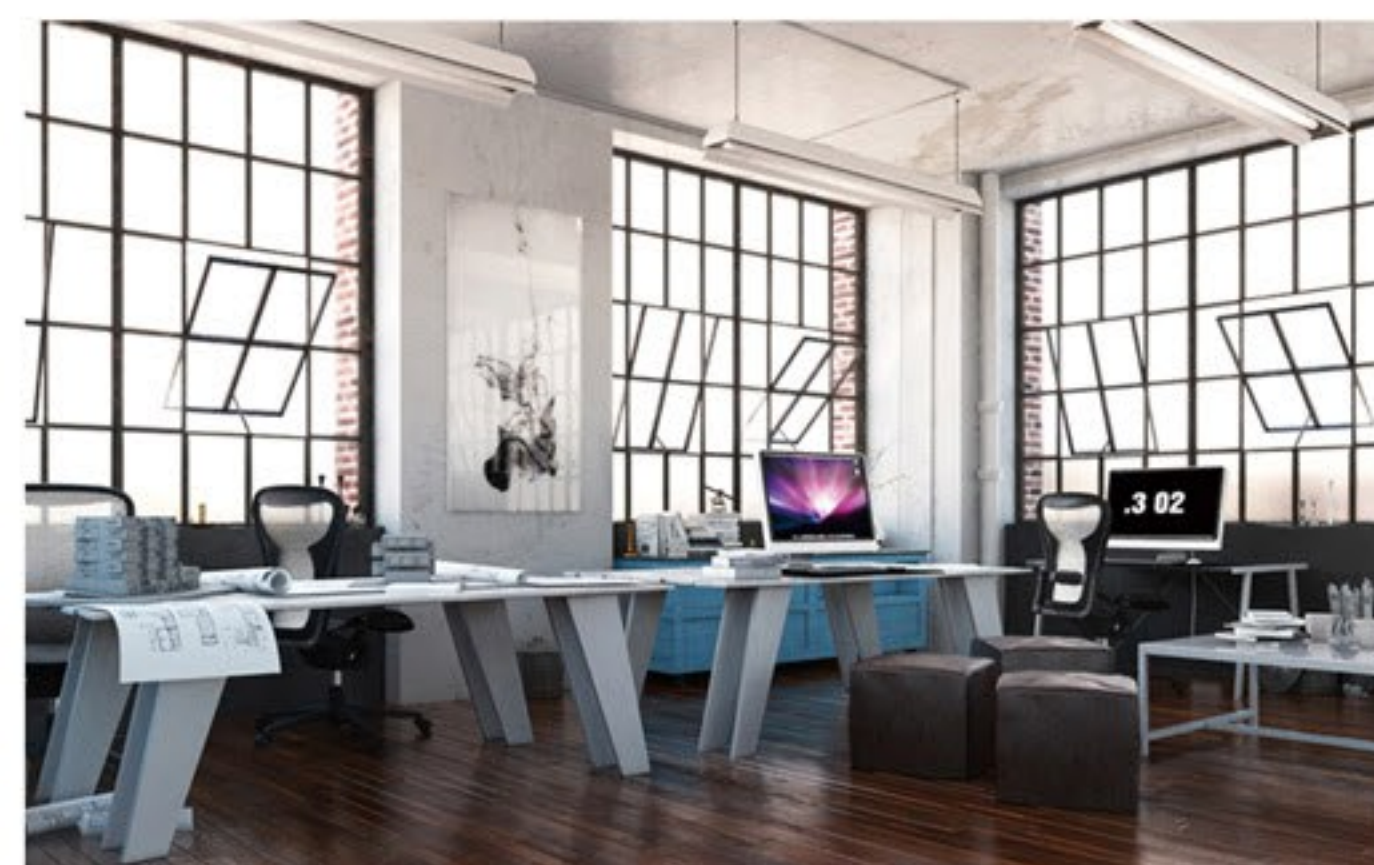

In 2010, shijiazhuang sance network technology co., ltd. was formally established, with a registered capital of 1 million RMB and an annual sales volume of 36 million RMB.

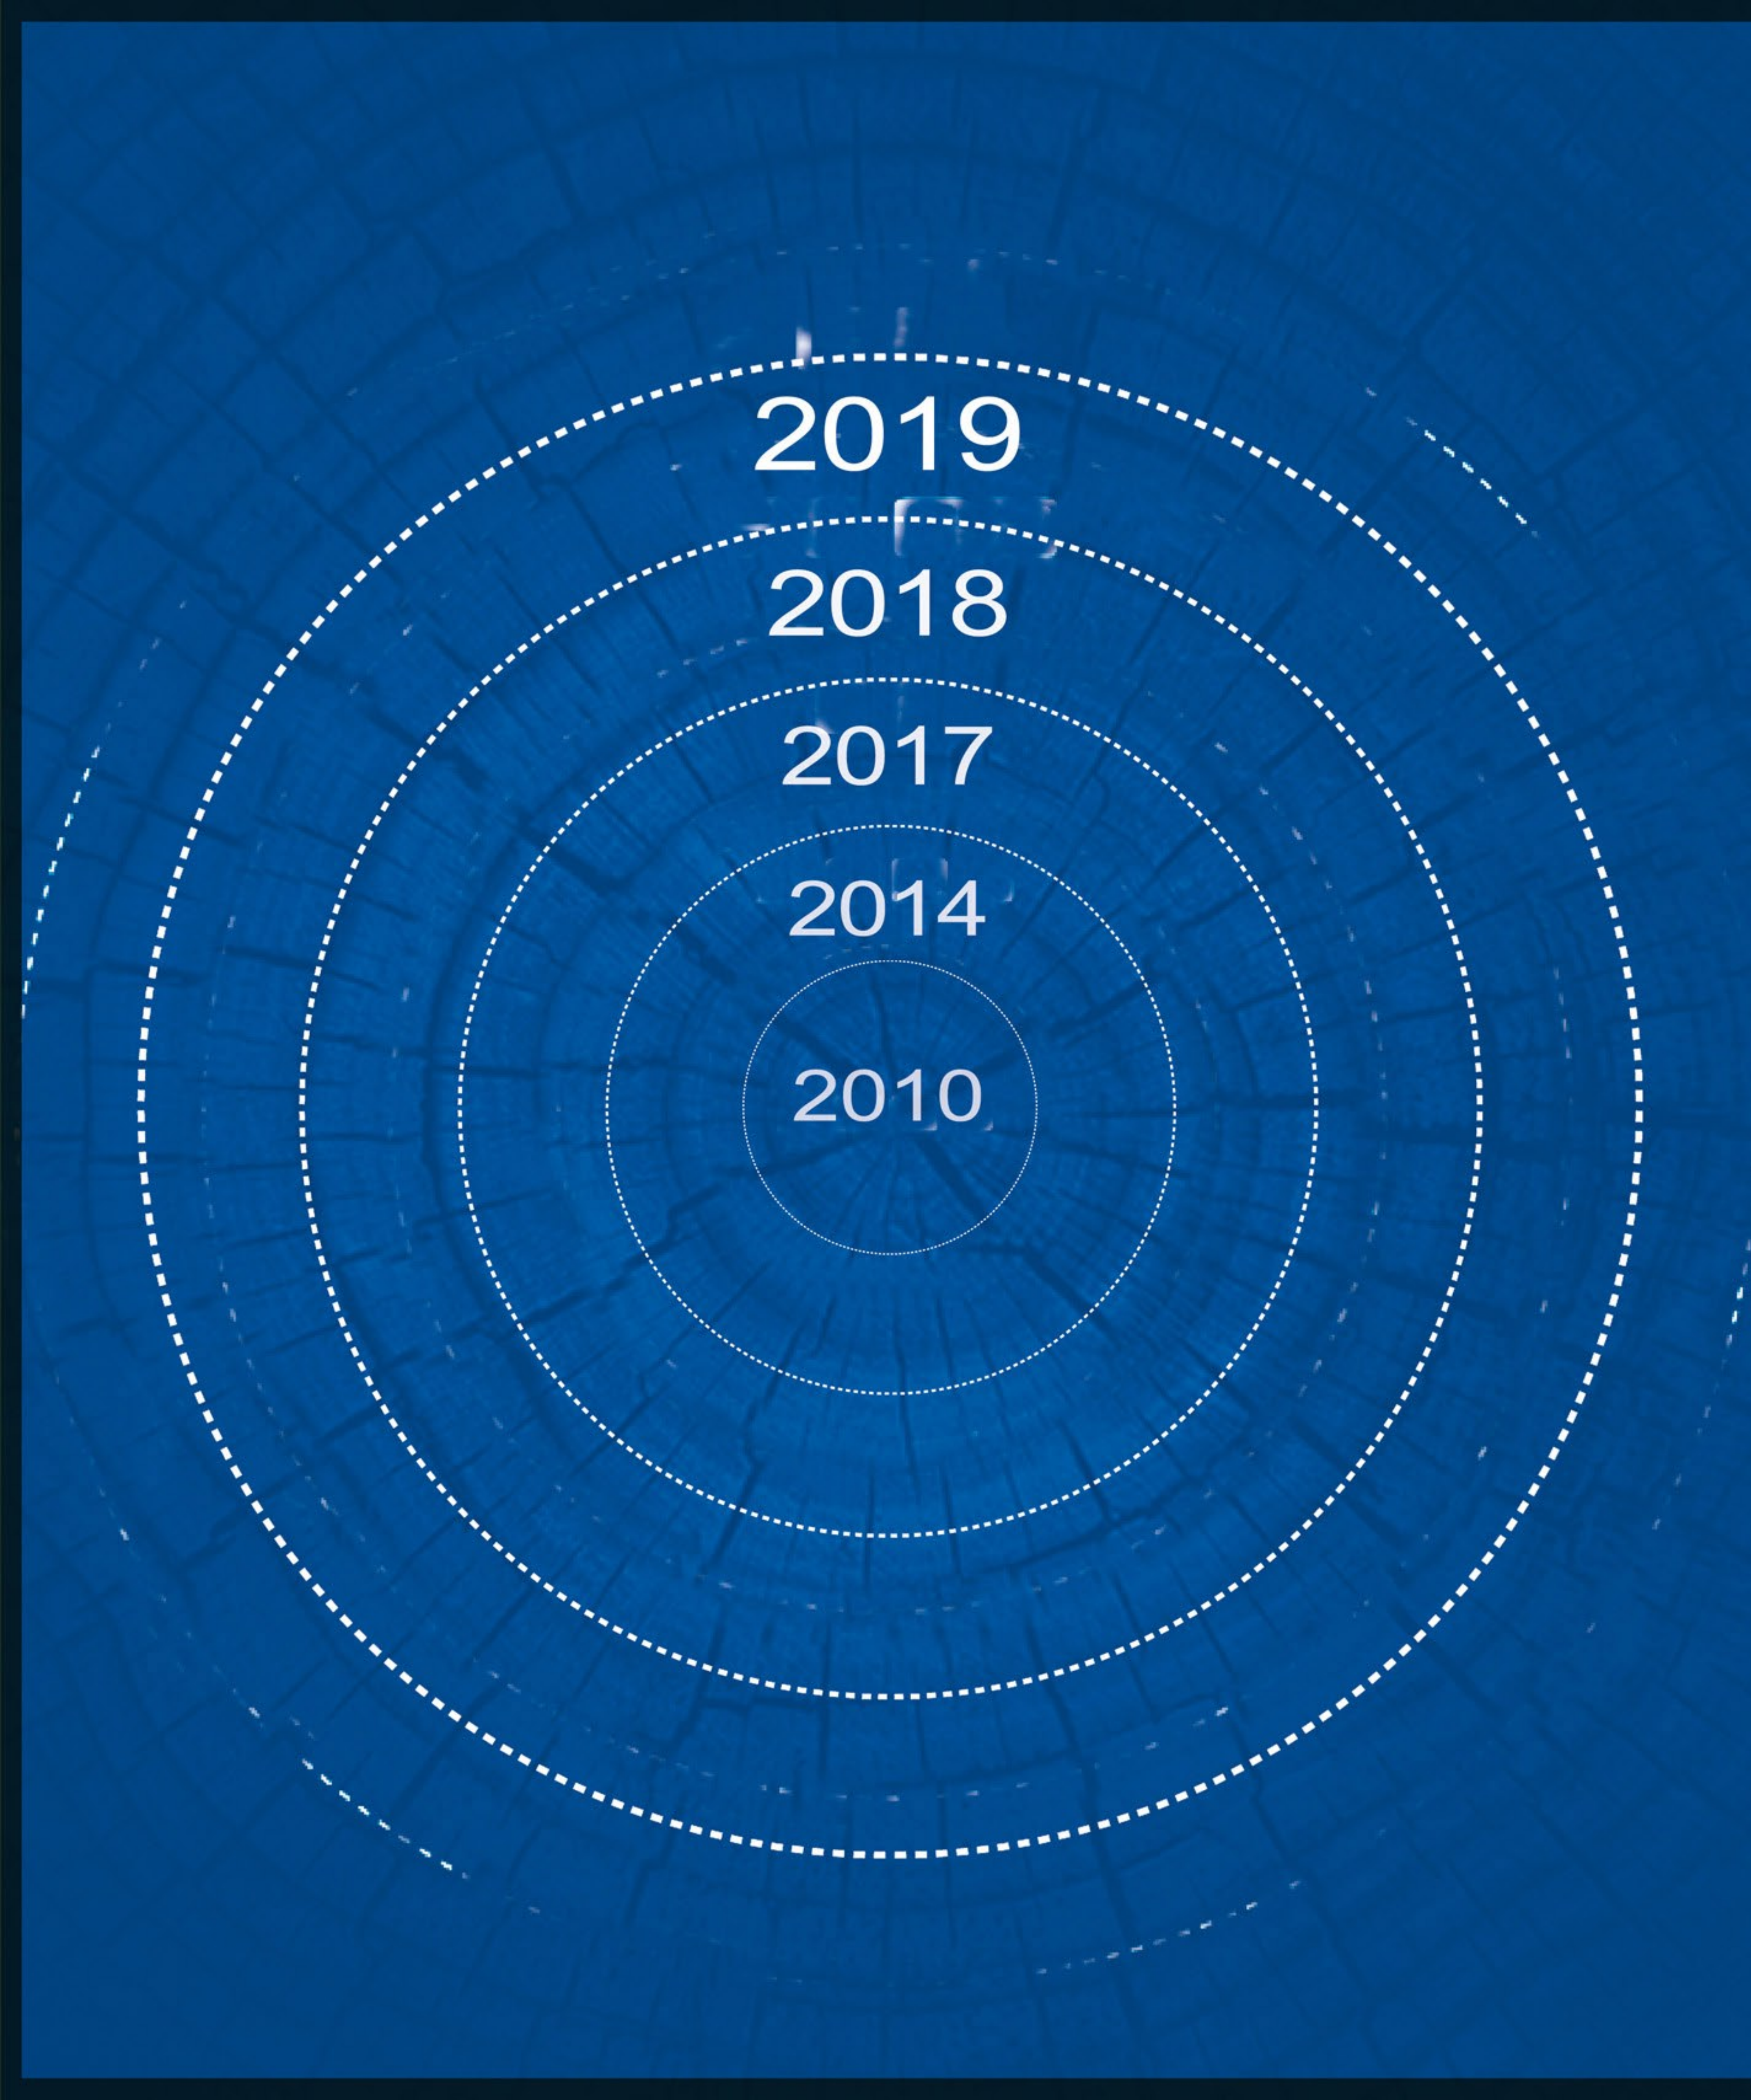

Sance focuses on independent innovation and product research and development, and has formed a series of sound production lines for peripheral products of TV and monitor.

The products have a high market share and are well received.

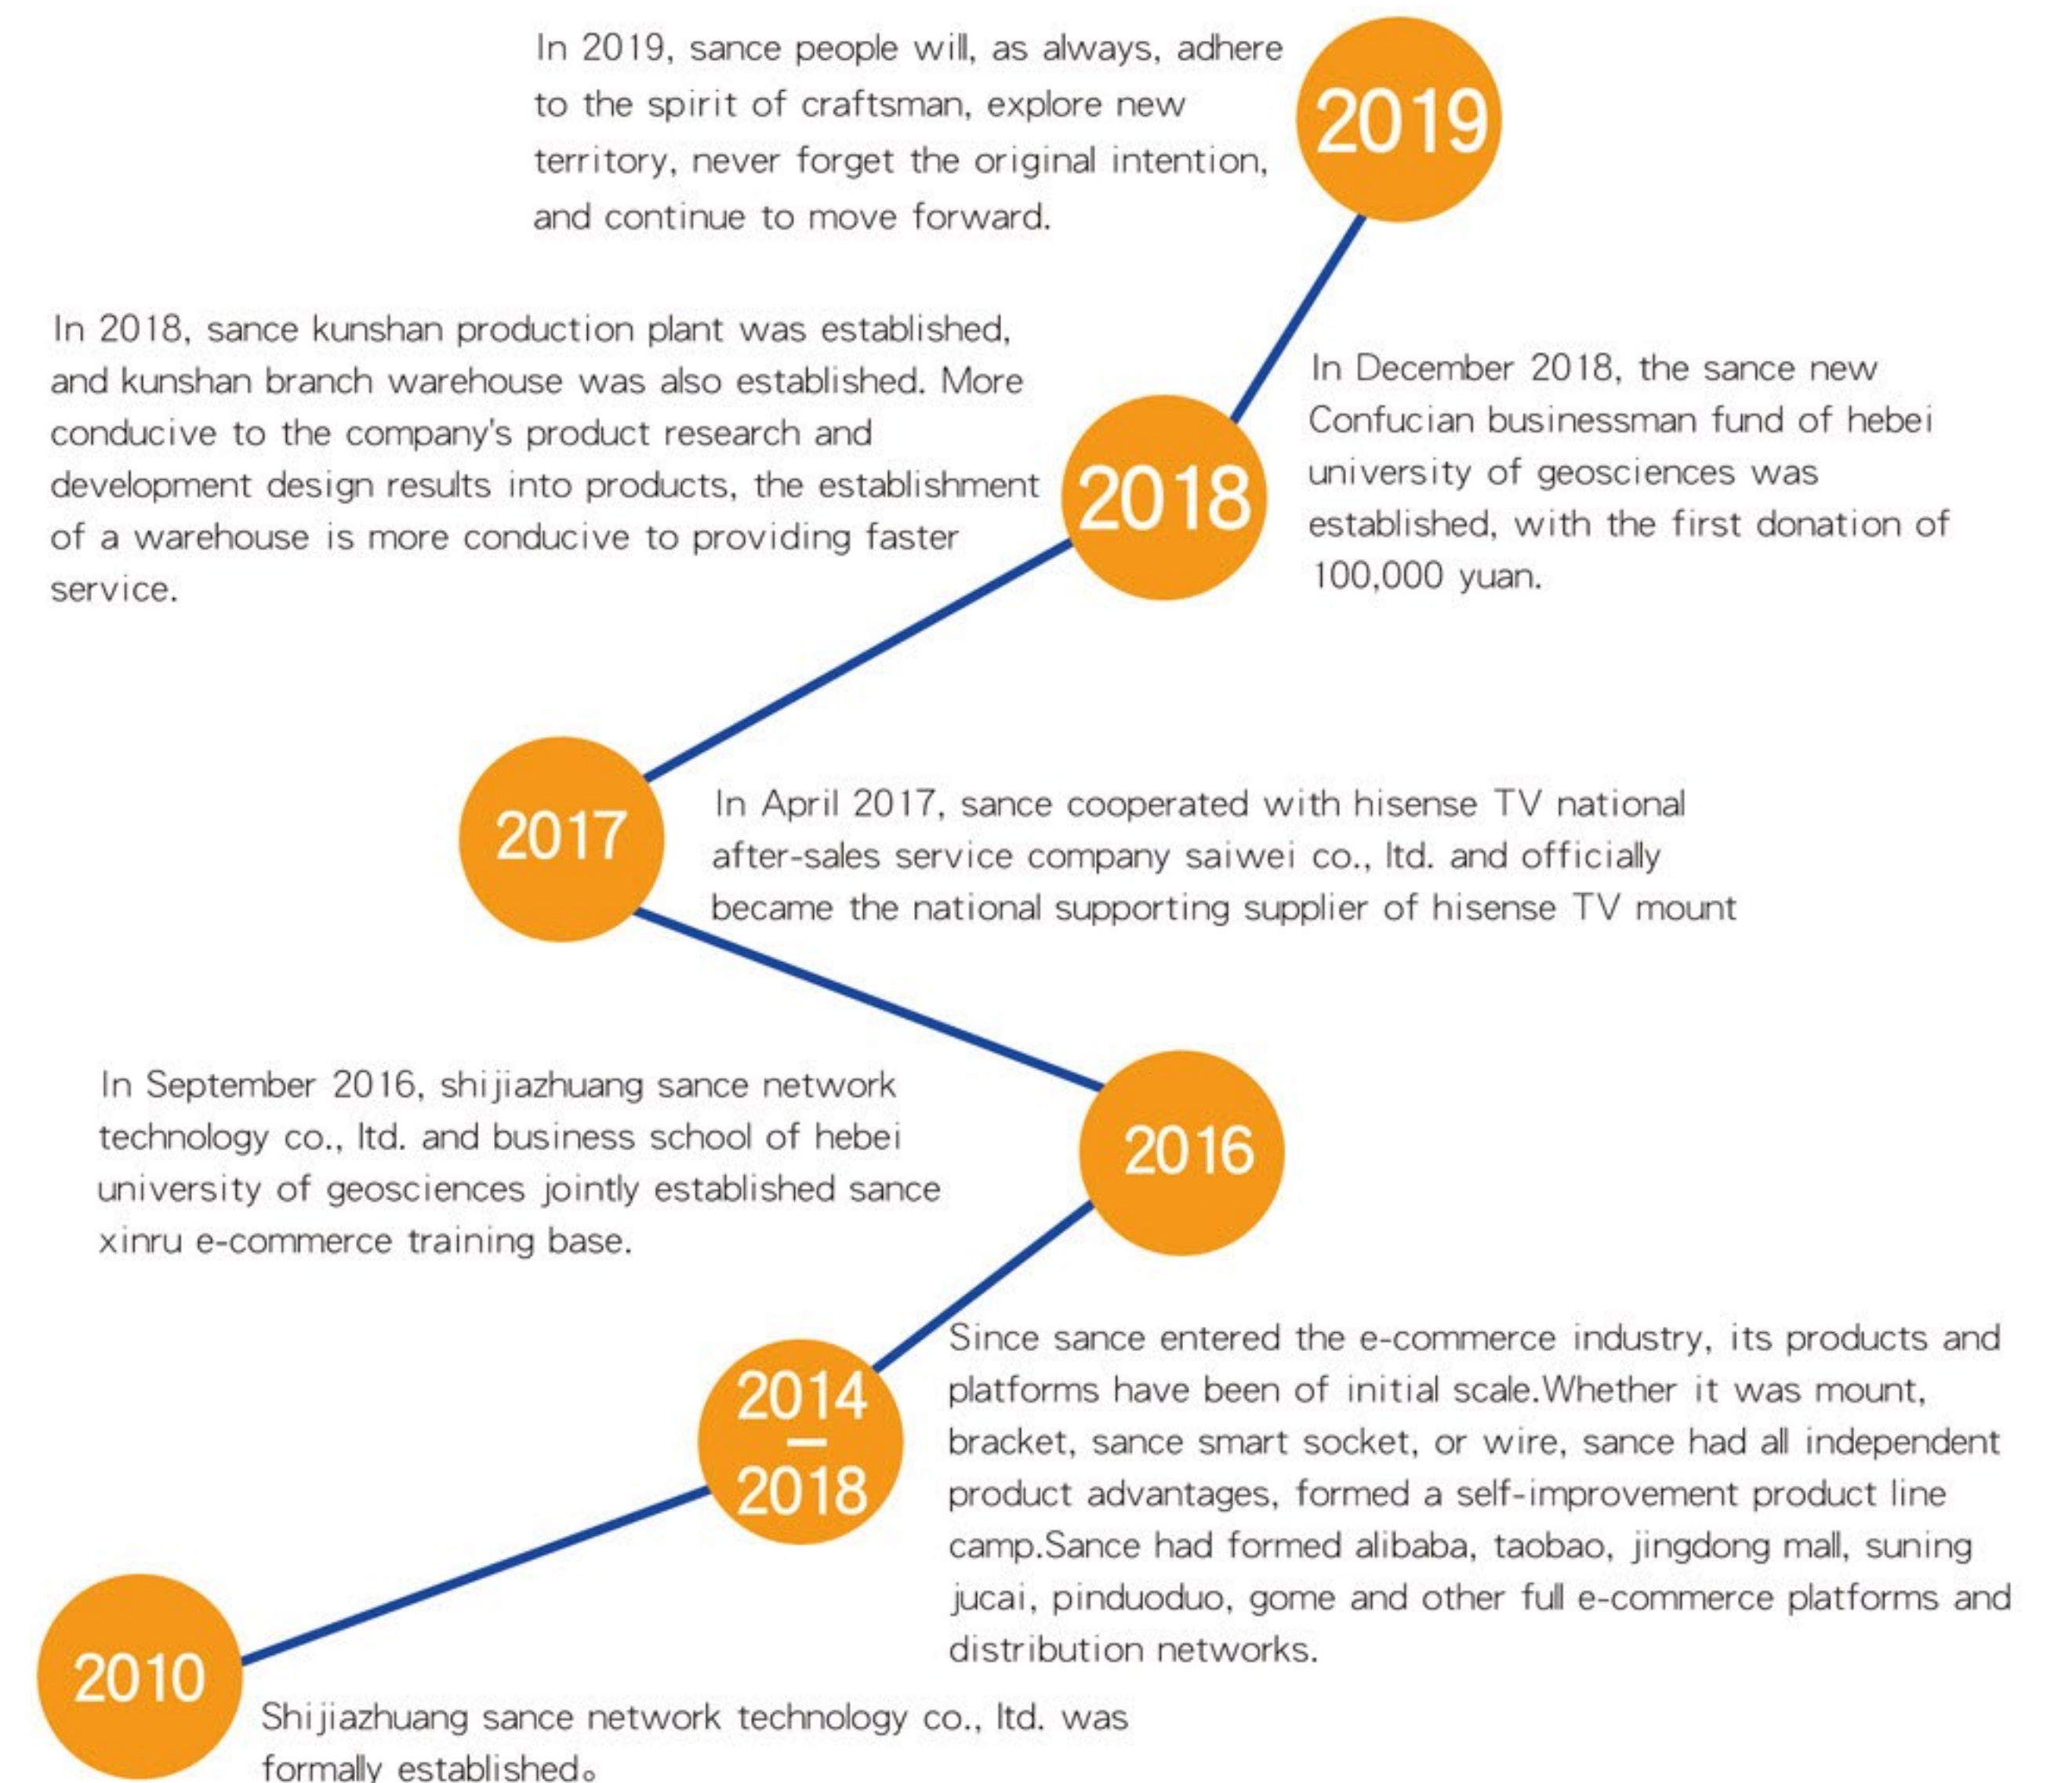

In 2017, Sance became a national supplier and strategic partner of Hisense Saiwei, Hisense TV after-sales, Saiwei national designated brand. We establish a warehouse in East China and provide a high-profile layout of the national warehousing system.

In 2018, San Ce teamed up with the university to create an e-commerce base, helping the e-commerce entrepreneurial cradle to cultivate an electric merchant-type base, and set up sance funds, hold donation ceremonies, the founders of sance give back to their alma mater to fulfill their social responsibilities.

ROAD TO GROWTH

COMFORTABLE LIFE COMFORTABLE OFFICE

Respect for people reflects the humanistic feelings of product designers. Designers' constant revision is based on people's needs and changes. Our aim is to make people live and work more comfortably through our products. Around bracket, stand, mount, cart, we are unique in the use of products in home, office, business, education, financial securities and other scenes. Sance applied ergonomics in product research and development and design, and widely used the products in financial securities, government agencies, education and training and other fields, and established long-term strategic cooperative relations with many institutions.

SEIKO MANUFACTURING KEEP IMPROVING

In any field, shoddily made assembly-line products are losing their market share. The transformation and upgrading of consumer mentality, the expectation of more sophisticated to meet consumer demand products online.

Sance focuses on production and process manufacturing, we believe that a good product is a handicraft. It combines the painstaking efforts of the developer, the painstaking care of the craftsman and the high level of wisdom of the workers involved.

Sance focuses on production and process manufacturing, we believe that a good product is a handicraft. It combines the painstaking efforts of the developer, the painstaking care of the craftsman and the high level of wisdom of the workers involved.

Sance passed the ISO 9001:2000 quality system certification in January 2018, which is another move of sance to take the lead in the industry to pass the international quality certification.

INDEPENDENT RESEARCH DEVELOPMENT OF PRODUCTS FIRST

Only good products can impress consumers. Sance firmly believes that products are more important than models.

We always believe that the product is more important than the model. Product is the core competitiveness of the business, so in product production and manufacturing research and development, sance spare no effort to invest a lot of capital and time, to ensure that the quality of products to maintain the industry-leading level. Only good products can bring real benefits to consumers.

We rely not on price, not on publicity, but on good products to impress consumers.

INNOVATION REFORM WINS

Talent has always been the core competitiveness of The Times.

Both in product development and platform operation, sance attaches great importance to the introduction and maintenance of talents. The enterprise culture of "zhengcheng innovation" attracts more and more outstanding students to enter the platform of sance. At the same time, sance actively establishes industry-university-research cooperation with universities, establishes the e-business cultivation base of geo university, and constantly introduces new blood to enterprises.

In the future, sance will spare no effort to create more powerful service guarantee for people's comfortable office and comfortable life based on the user's home and office needs and multi-platform operation.

CERTIFICATE

SANCE PART OF THE PRODUCT PATENT CERTIFICATION

① Utility model patent certificate - a gear type adjustable Angle TV mount

② Design patent certificate - laser projection landing mobile cart (TL68).

③ Appearance design patent certificate - laser projection landing mobile cart (2100 models)

④ Utility model patent certificate - a laser projection landing mobile cart.

PROFESSIONAL PRODUCT DEVELOPMENT AND DESIGN TEAM

Sance integrates research and development forces, strengthens close cooperation with universities, and promotes the continuous innovation ability of sance products. After years of experience and technical capacity building, sance has a number of practical patents and design patents.

SANCE, HEALTHY AND EFFICIENT OFFICE PILOT

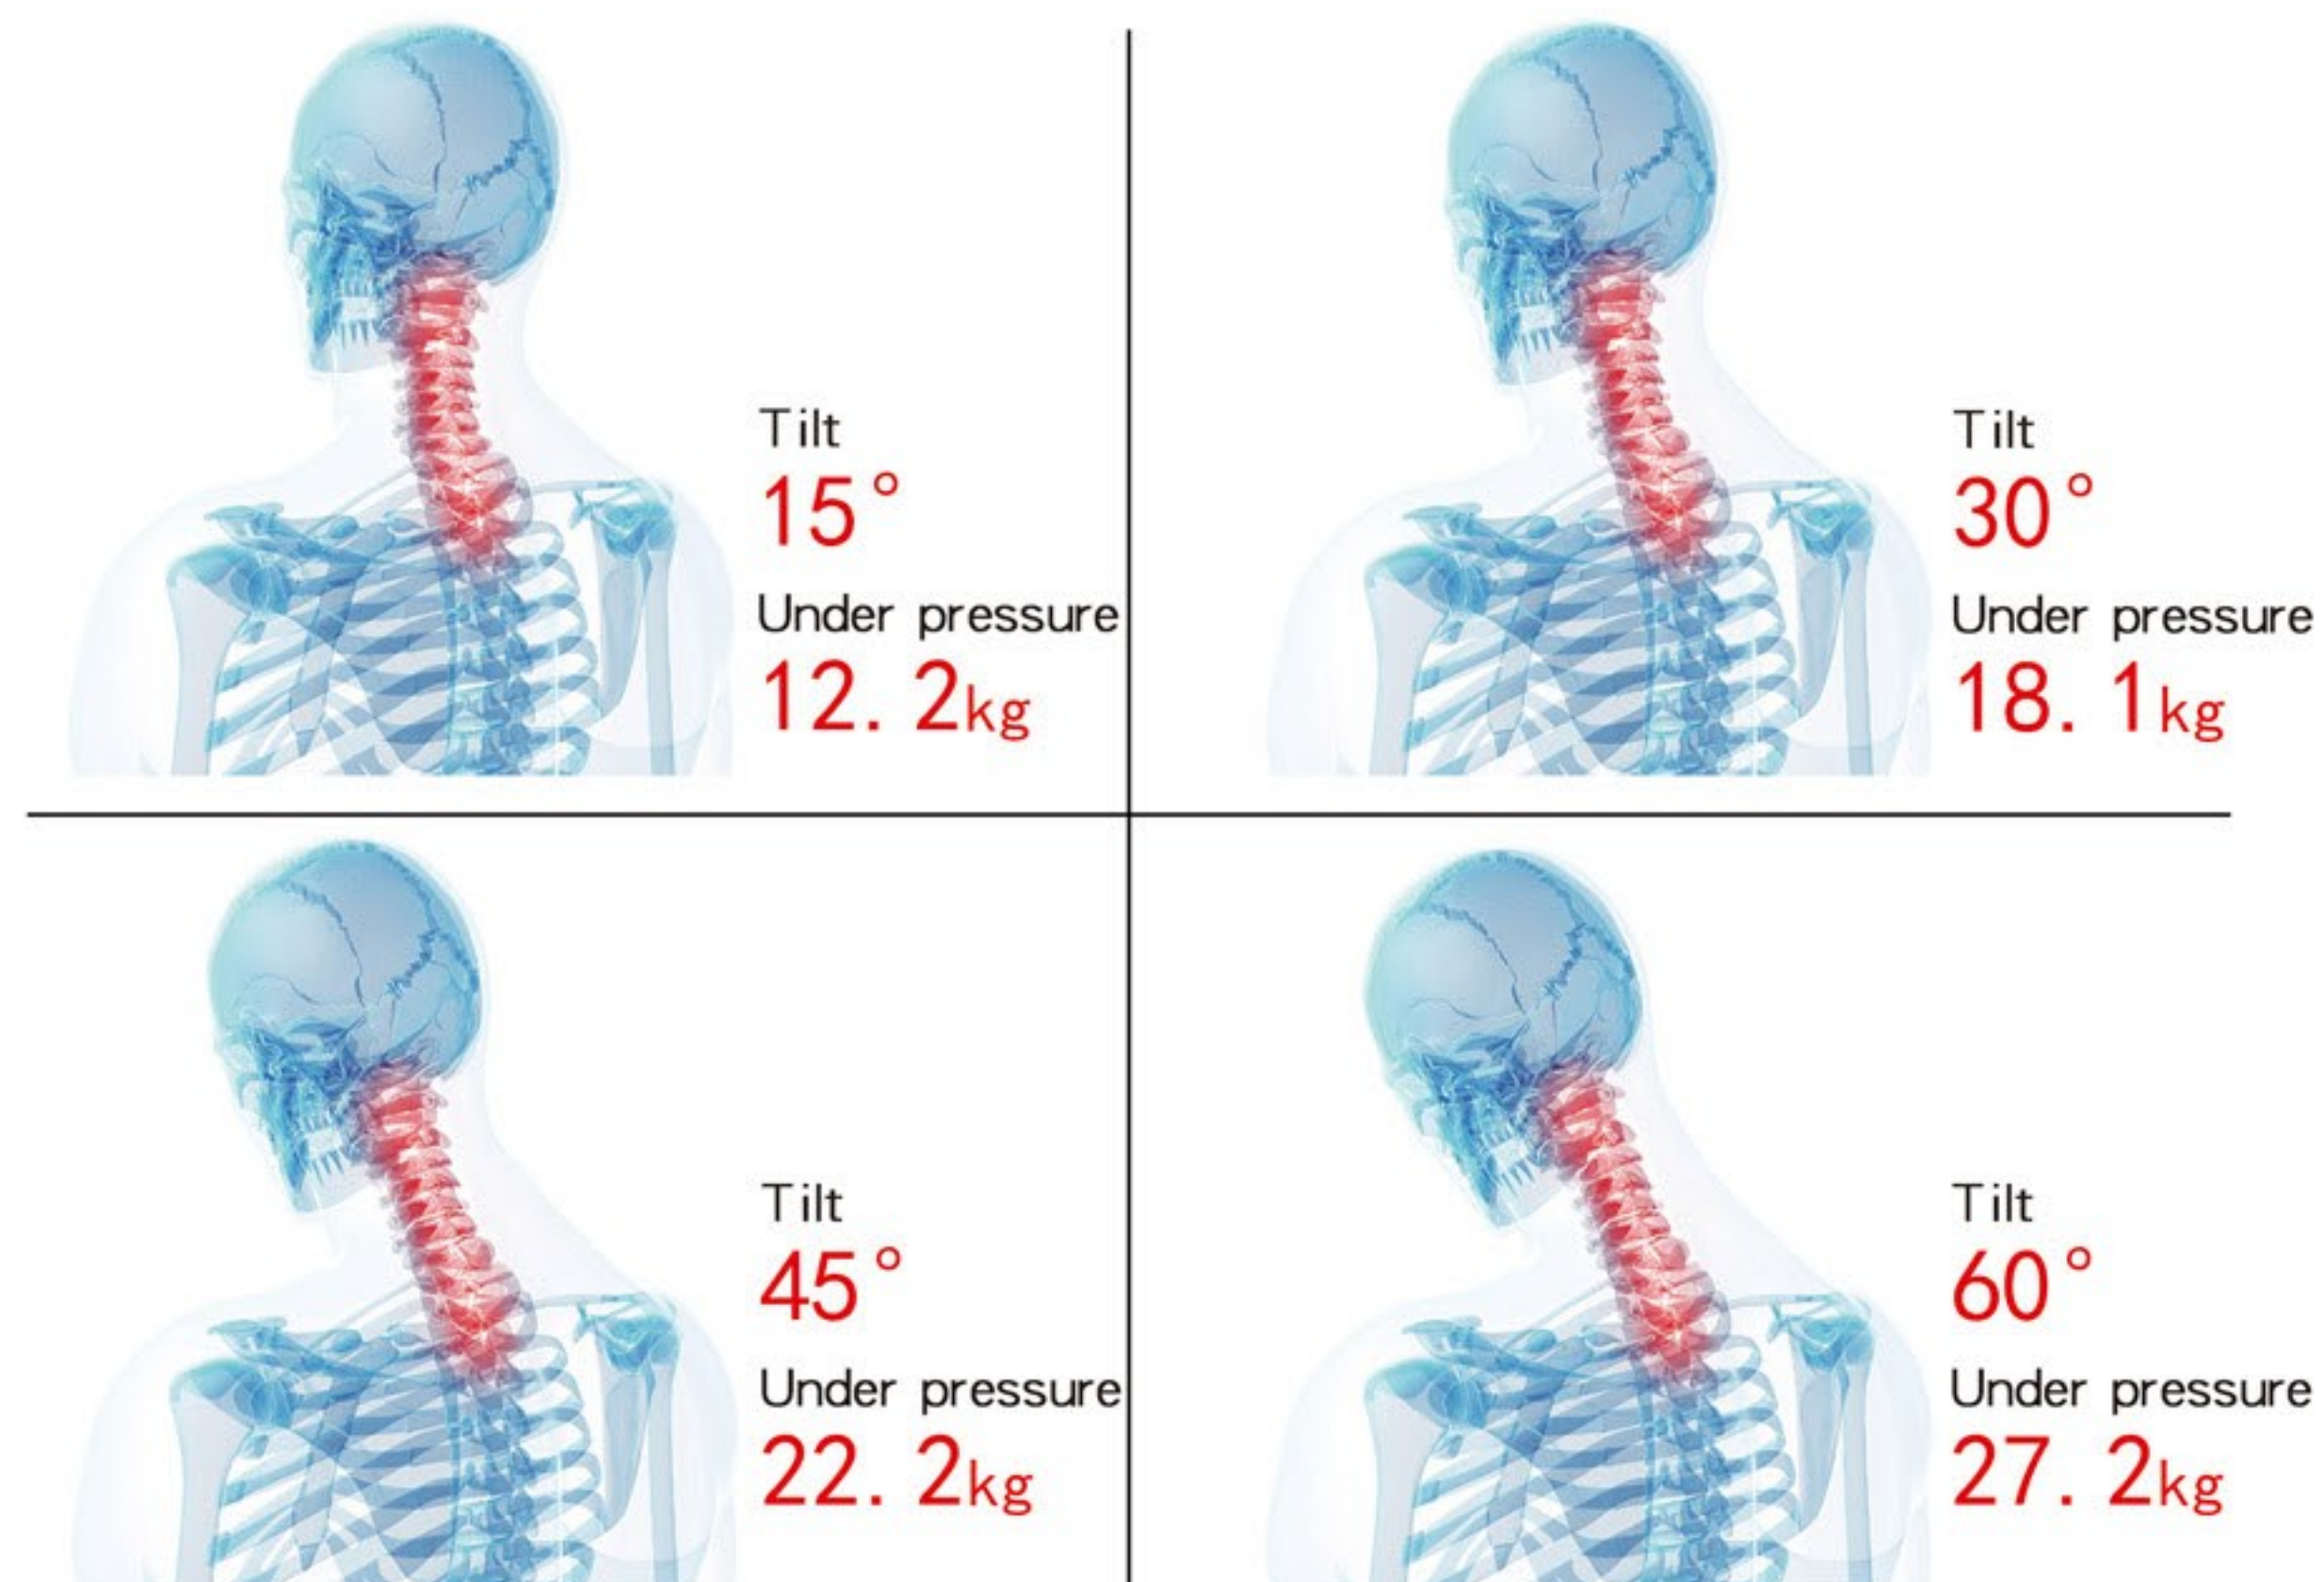

Why is cervical vertebra disease more and more low senility?

By 2016, there were nearly 200 million patients with cervical spondylosis in China.

In the past 20 years, the age of high incidence of cervical spondylosis has dropped from 55 to 39 years old, and the age of low incidence of cervical spondylosis has become more and more serious.

IT Internet, scientific research, education, advertising and other industries with dense population are the major disaster areas of cervical spondylosis. The fundamental reason lies in the fixed or incorrect sitting posture of office workers. Over time, they suffer from strain, thus leading to cervical spondylosis. Sance, healthy and efficient office pilot

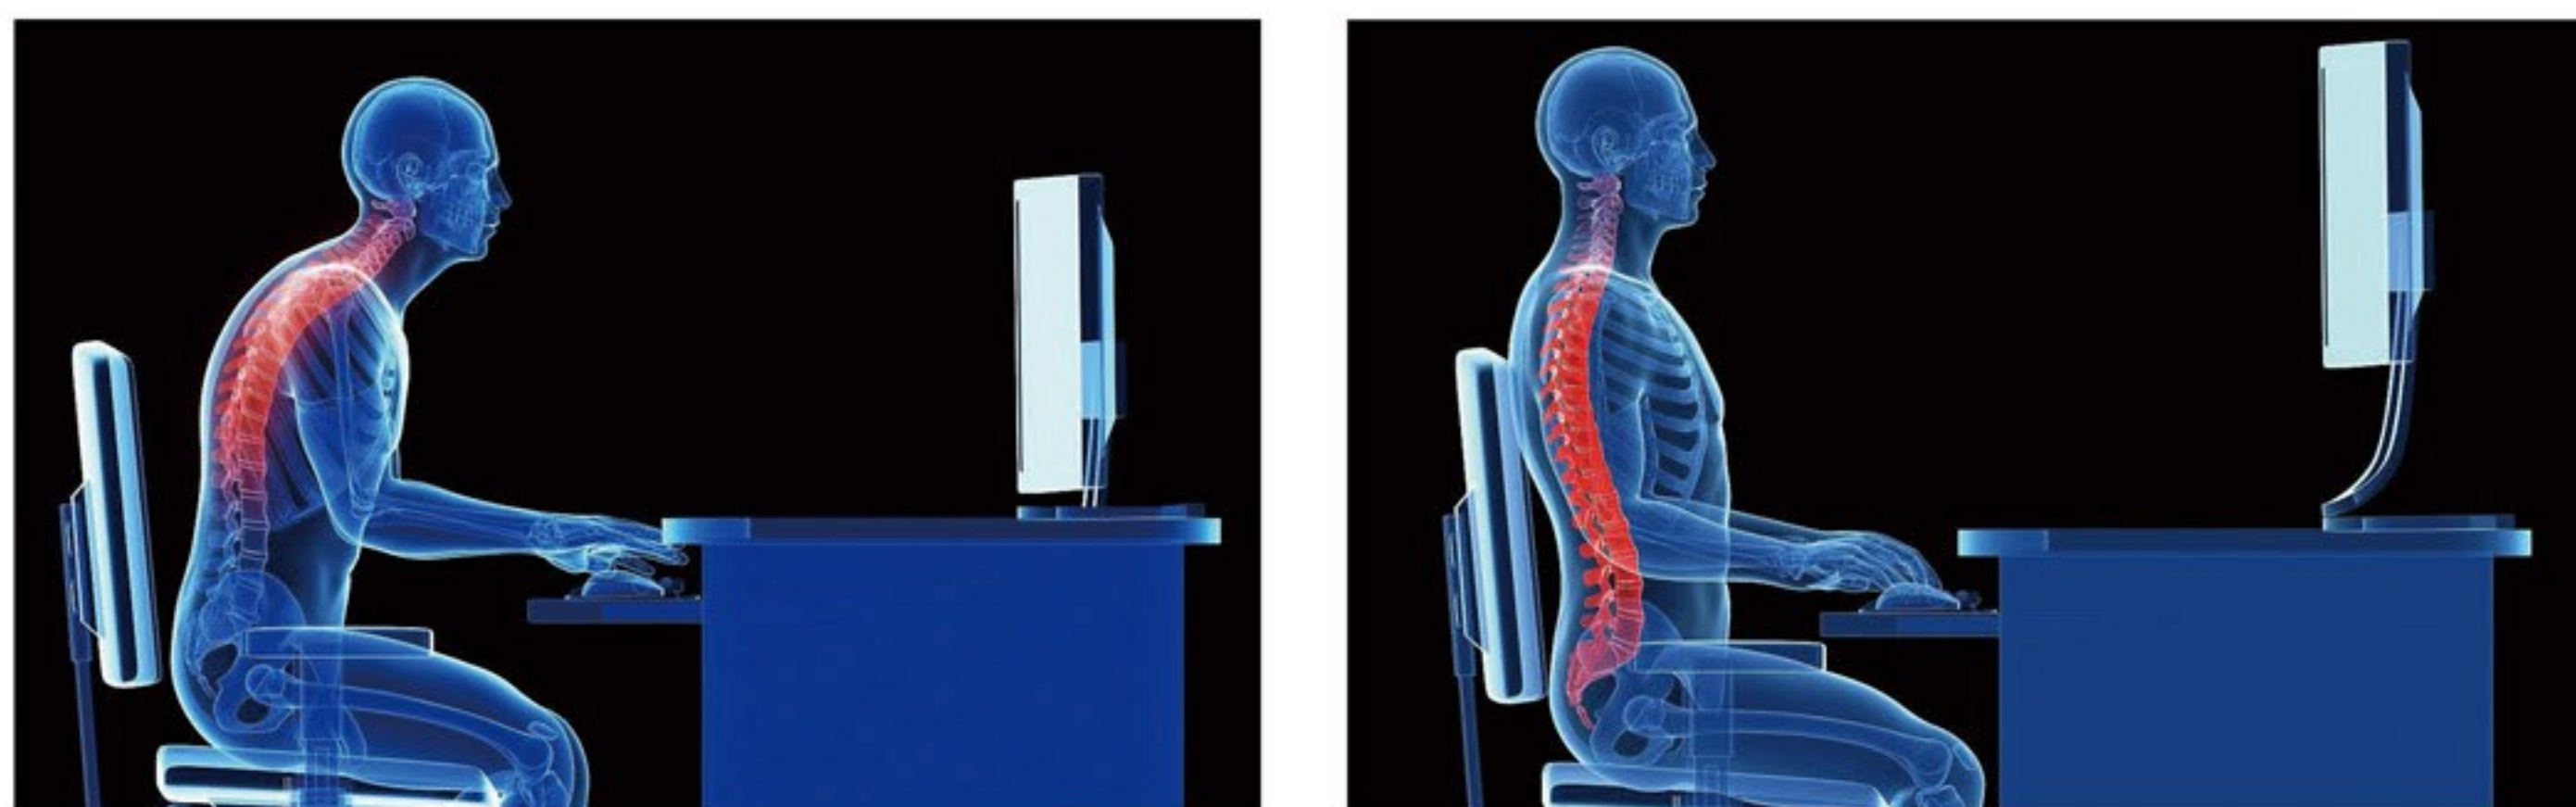

Improper posture, pressing against your cervical spine

CERVICAL SPINE MOVE MORE HEALTHY

Sance bracket, let the monitor move. To realize high and low lifting, left and right rotation, pitch Angle fine adjustment, and retractable view.

Let the monitor cater to your healthy, healthy posture. Take a close posture and care for the health of the cervical vertebra.

CREATE ERGONOMIC COMPUTER OFFICE SPACE

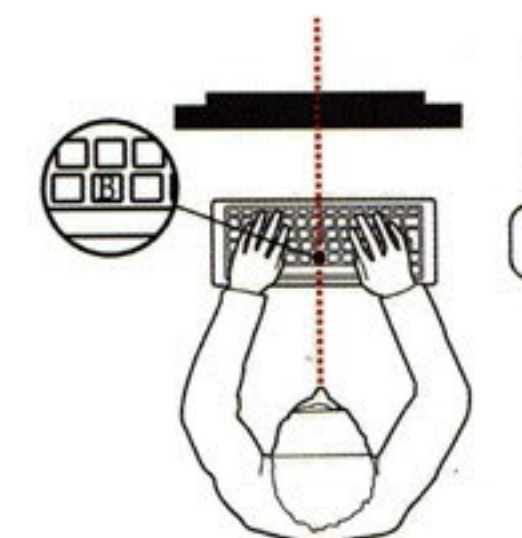

With the popularity of computer office applications, people spend more and more time in front of computers every day. Death from overwork, eye fatigue injury caused by long-term video operation, occupational low back pain and cervical spondylosis caused by long-term desk work, and a series of computer diseases such as tenosynovitis caused by long-term keyboard tapping have become white-collar diseases with high incidence. Fixed posture, sedentary posture to use the computer, the risk of physical health

Five office good habits that will help you in the workplace is more healthy, more efficient

1

Make sure your chair is set correctly according to the manufacturer's instructions and that the height of the seat corresponds to the height of the work table

2

The monitor should be placed on the front of the body, to prevent the distortion of the body and the neck from watching the screen

3

When you look at the screen, the monitor is supposed to be at a nice, horizontal distance from the body, usually about the length of an arm, and you can touch it on a chair, and your finger should touch the screen

4

Place the display on a comfortable visual height, the user can see a standard display without having to look up or head down, the top of the visible portion of the screen should be level with the eye

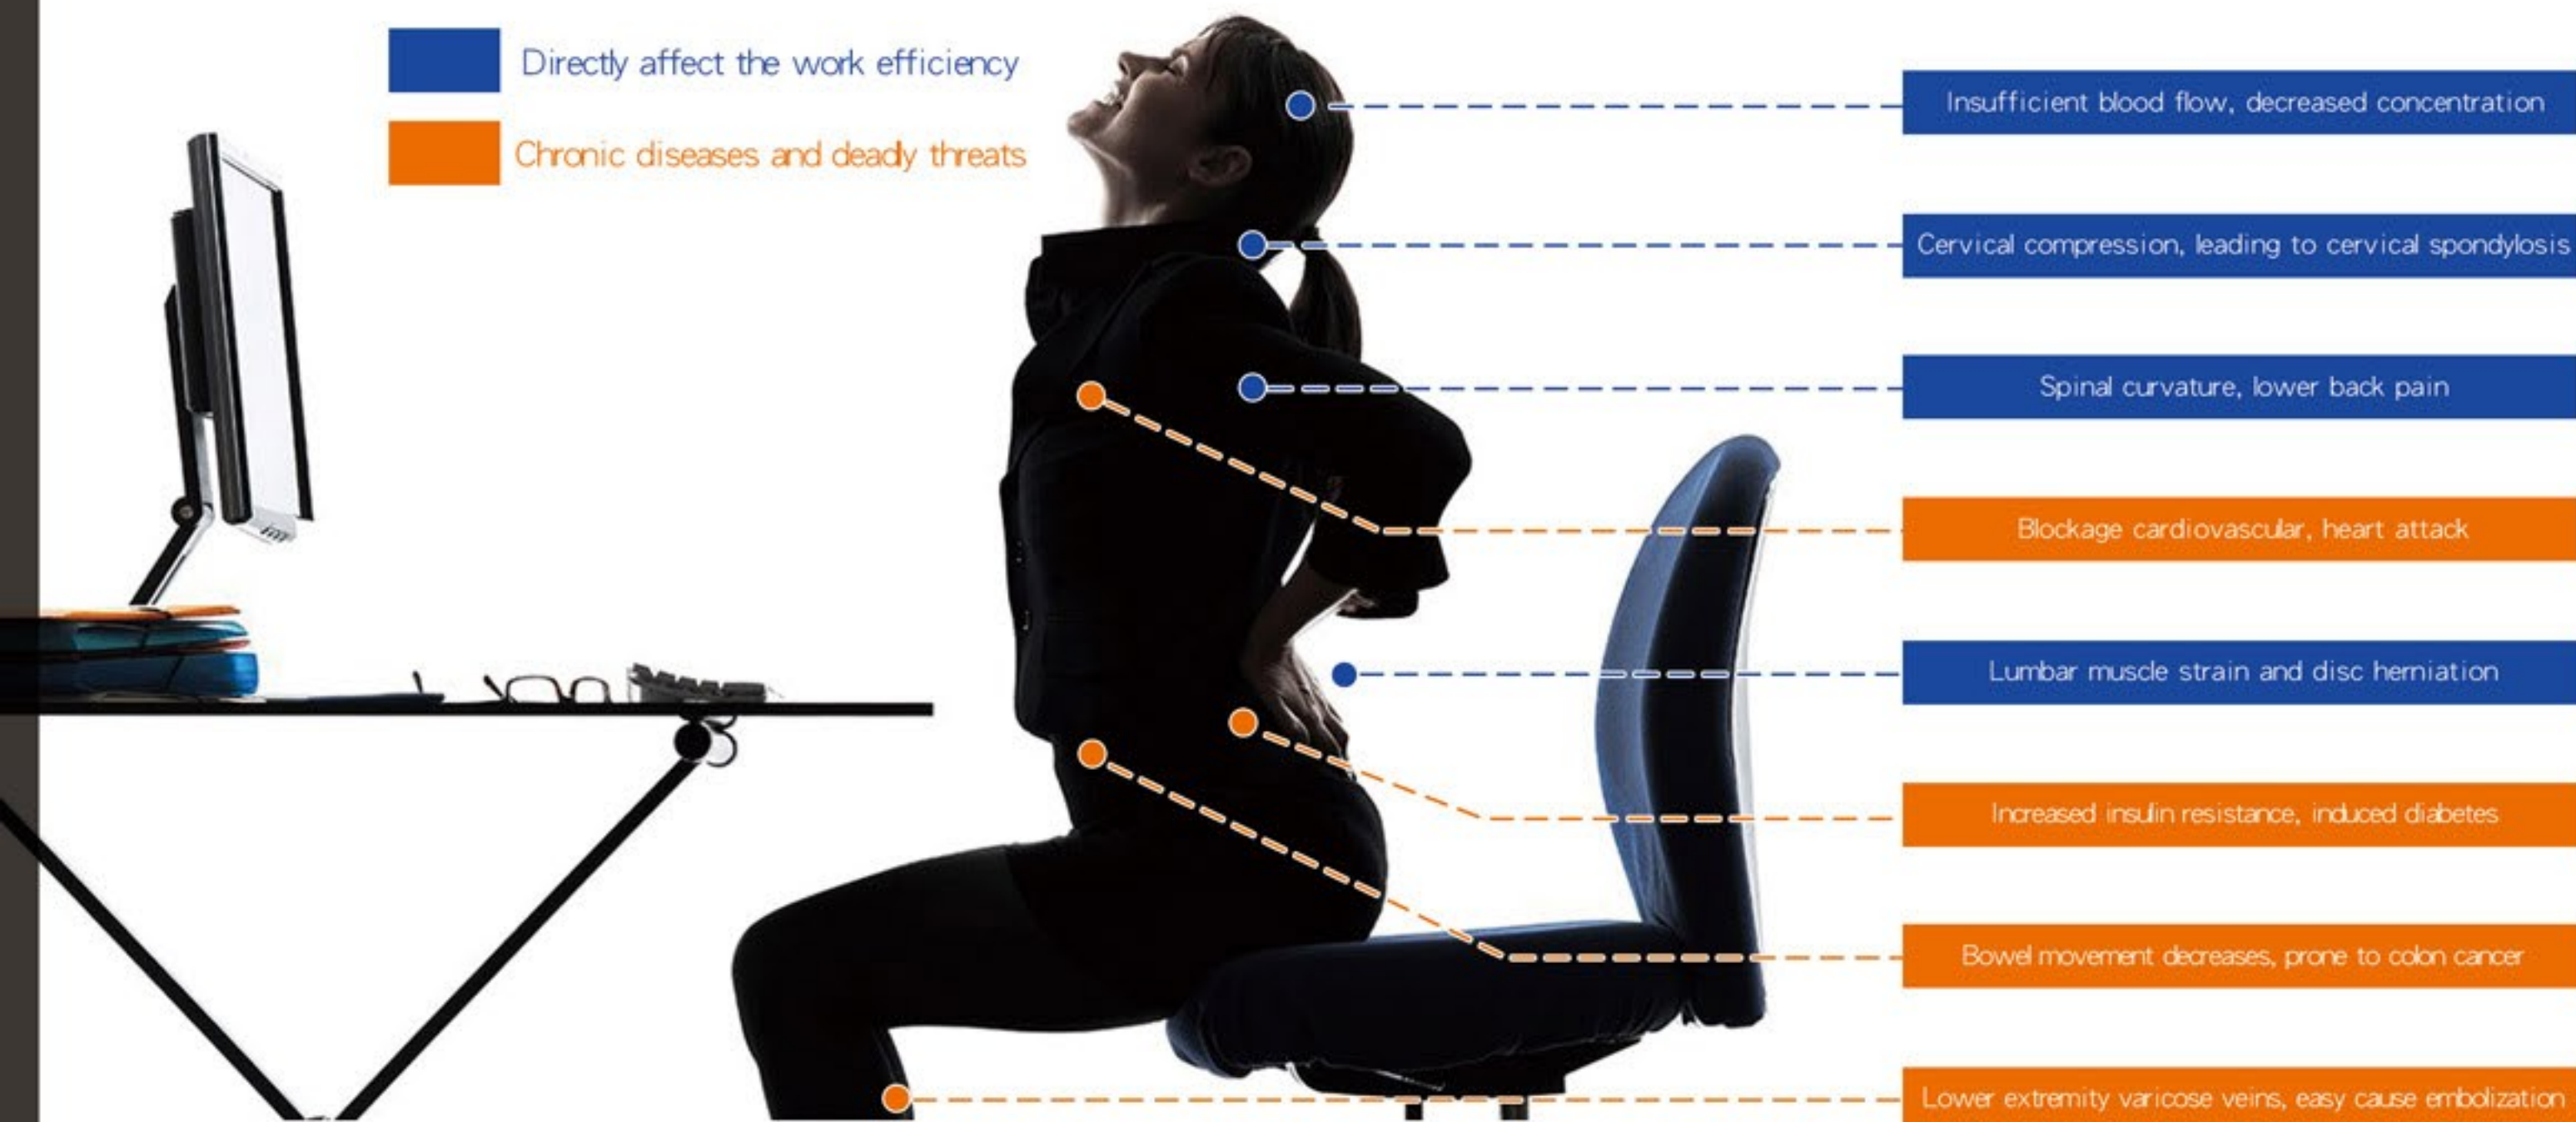

5

The monitor can be tilted and rotated easily to meet the user's needs. Make sure that the image on the screen is clear, free of flashing, steady, glare and reflection. If your legs can't touch the floor, use a footrest.

WHY ARE MORE AND MORE BUSINESSES STARTING STANDING OFFICES?

Sitting for long periods of time not only affects work efficiency, but also poses a deadly health threat!
 Scientists at the university of western Australia: after 10 years of sedentary work, the risk of colorectal cancer was 44 percent higher.
 Orthopaedic surgeon, eastbourne hospital, England: when you sit for a long time, your lumbar disc is compressed by your spine.
 Lecturer, royal NHS trust, London: sedentary behaviour is also linked to insulin resistance, which can lead to type 2 diabetes

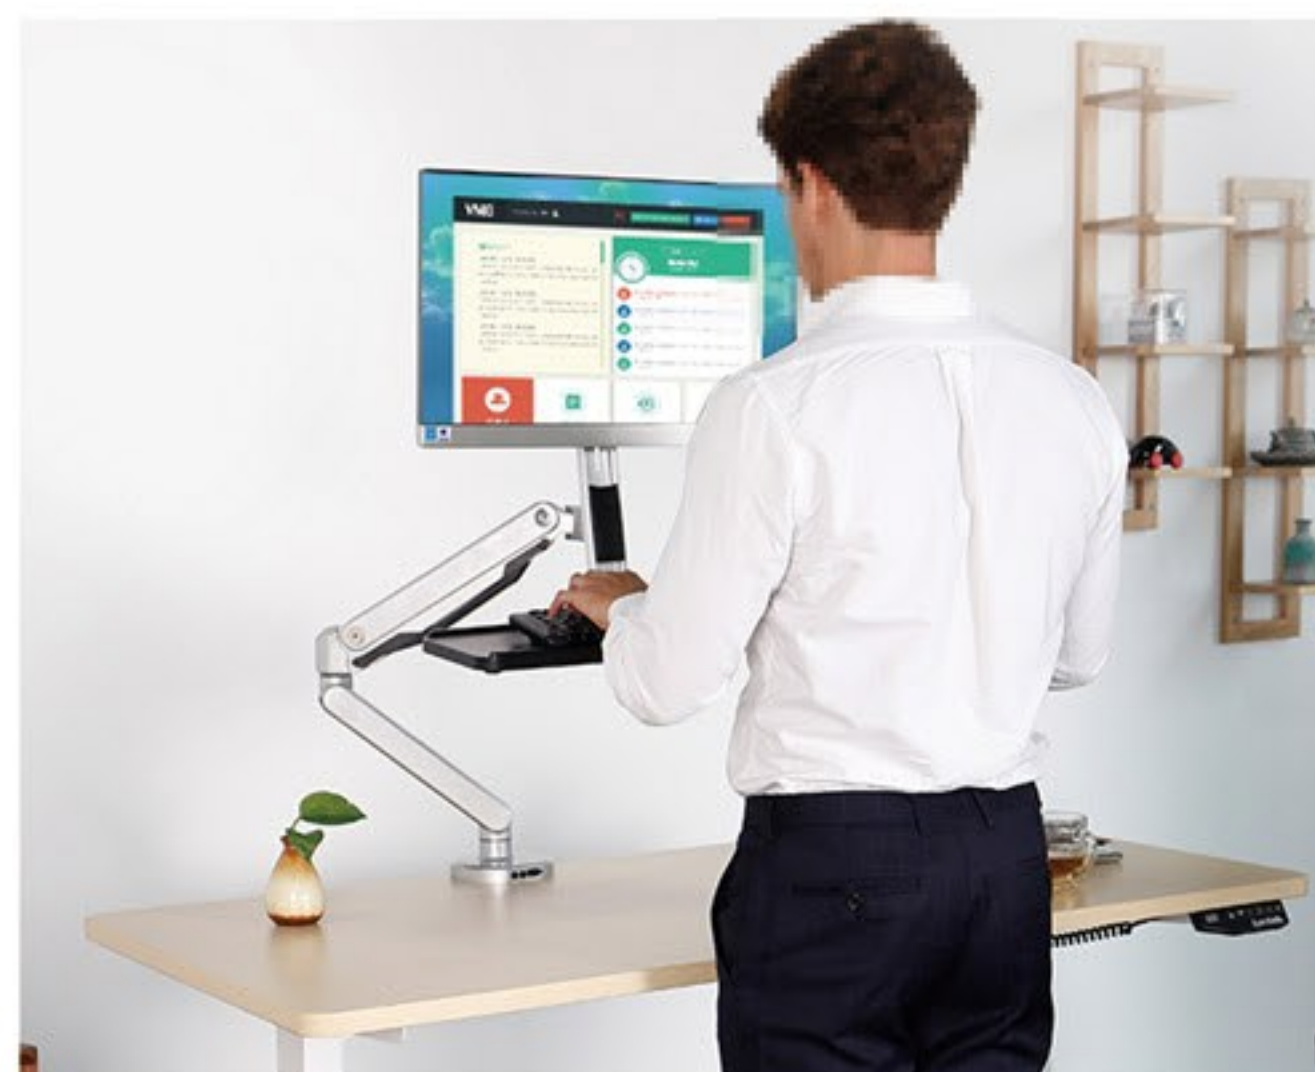

The world health organization reports that more than two million people die each year from sitting. **Are you still sitting?**

Full access to stand office new era

Alternate sitting has been identified by global authorities as a healthier and more efficient way of working.

World-renowned enterprises have fully entered the standing office mode.

EFFICIENT MULTI-SCREEN OFFICE NEW MODE

In finance, monitoring, design and other fields, people need to switch back and forth between various Windows frequently, which wastes a lot of time. And waste stack using multiple monitors, desktop space, destroy the aesthetic.

It realize more stable and more space-saving multi-screen splicing.

A MONITOR STAND

DZ11 MONITOR DESK FOLD STAND

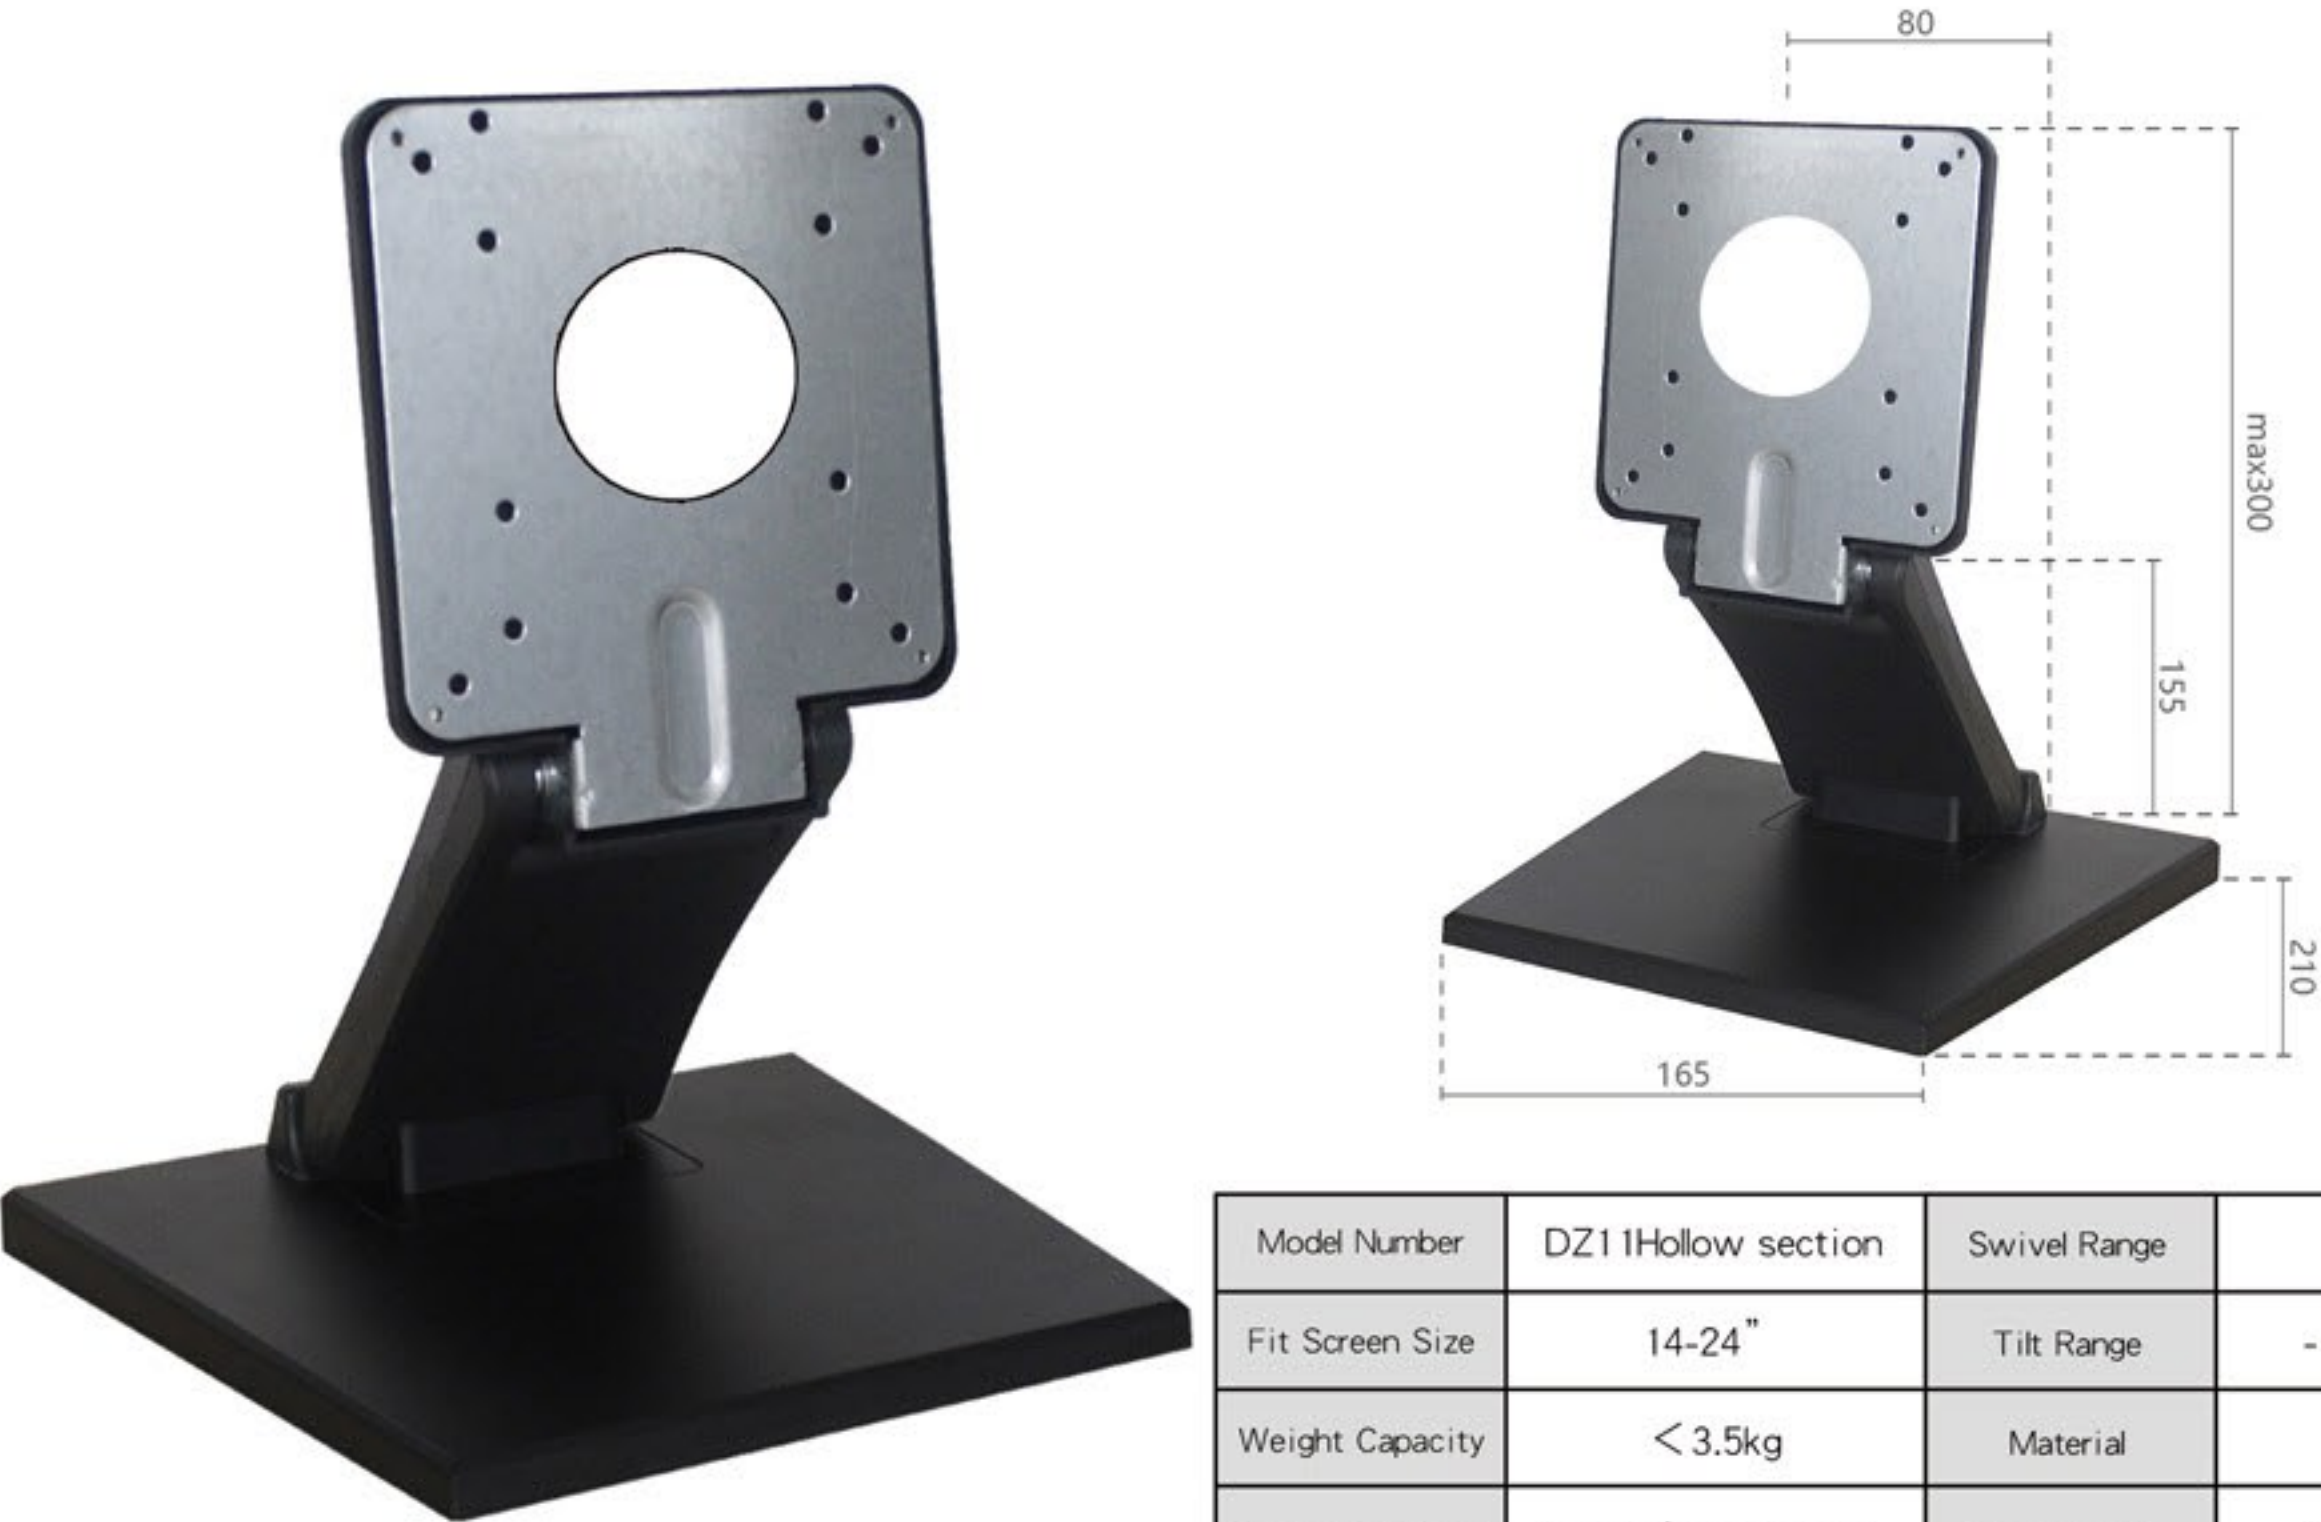

Model Number	DZ11	Swivel Range	0°
Fit Screen Size	14-24"	Tilt Range	-15° ~ +75°
Weight Capacity	< 8.5kg	Material	Plastic, Steel
VESA Compatible	75*75/100*100mm	Installation:	Freestanding

DZ12 MONITOR DESK FOLD STAND

Model Number	DZ12	Swivel Range	0°
Fit Screen Size	14-24"	Tilt Range	-15° ~ +75°
Weight Capacity	< 8.5kg	Material	Plastic, Steel
VESA Compatible	75*75/100*100mm	Installation:	Freestanding

HOLLOW DZ11 MONITOR DESK FOLD STAND

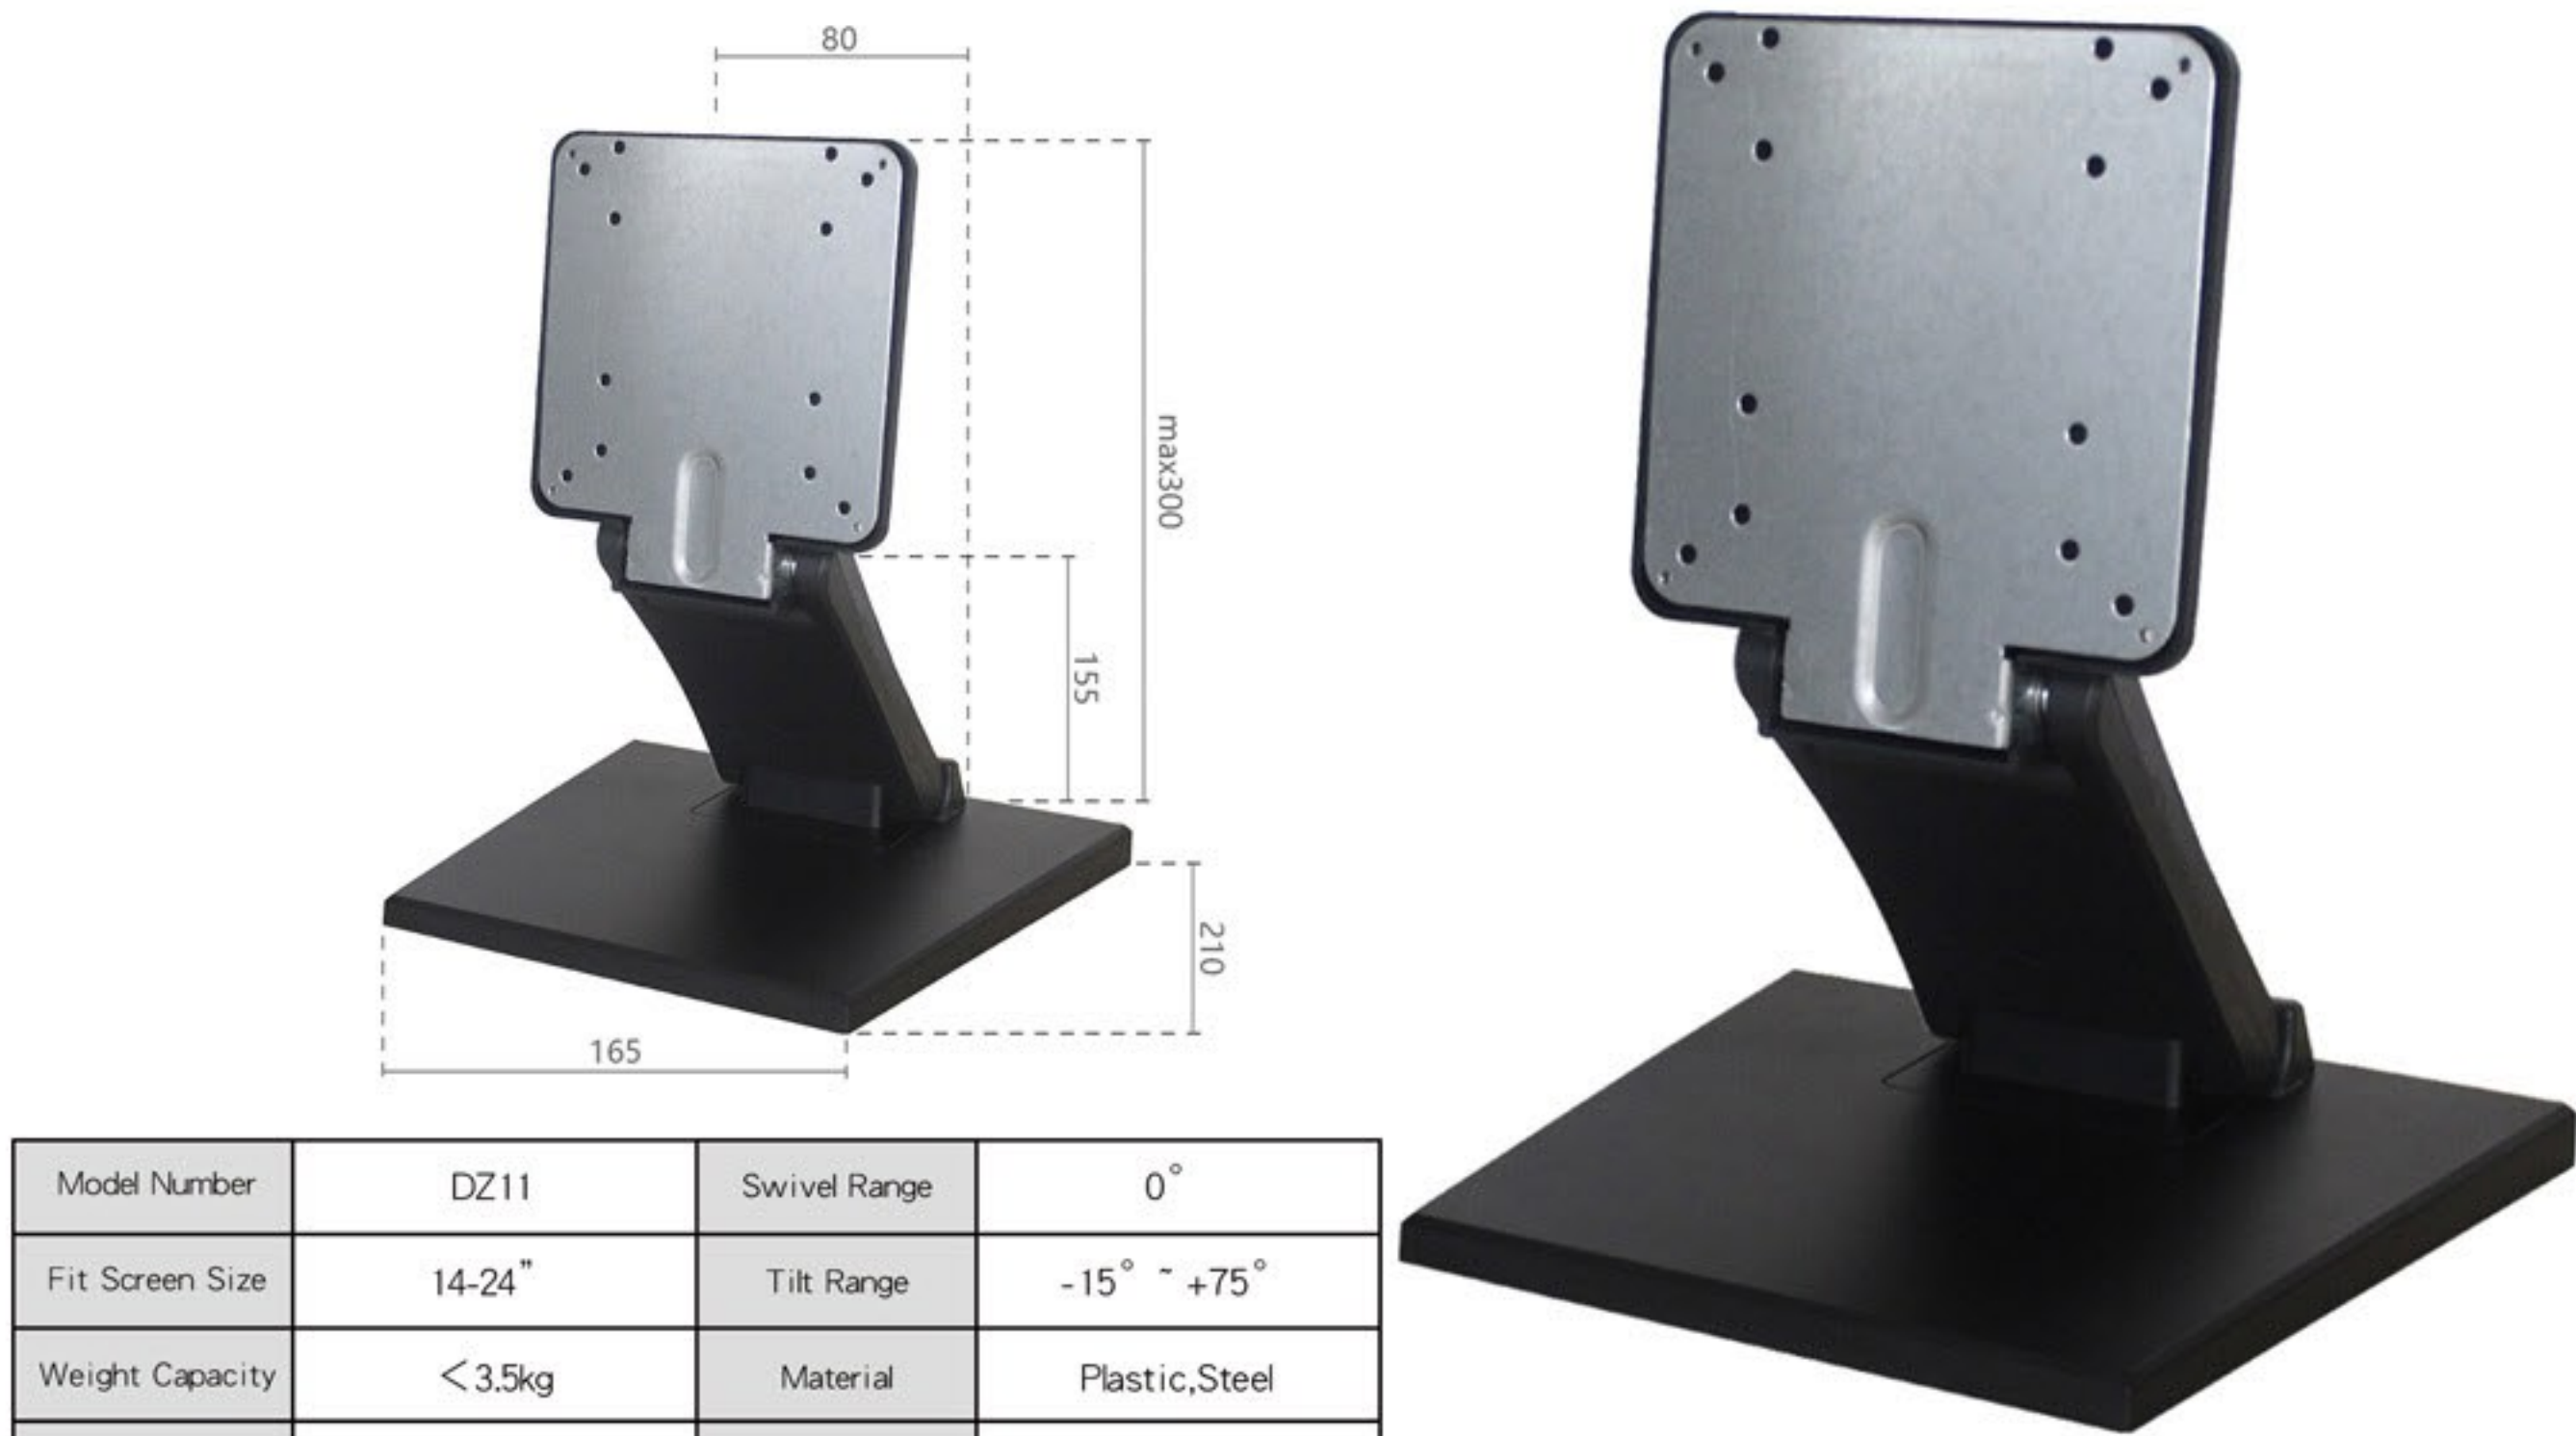

Model Number	DZ11Hollow section	Swivel Range	0°
Fit Screen Size	14-24"	Tilt Range	-15° ~ +75°
Weight Capacity	< 3.5kg	Material	Plastic,Steel
VESA Compatible	75*75/100*100mm	Installation:	Freestanding

DZ13D MONITOR DESK FOLD STAND

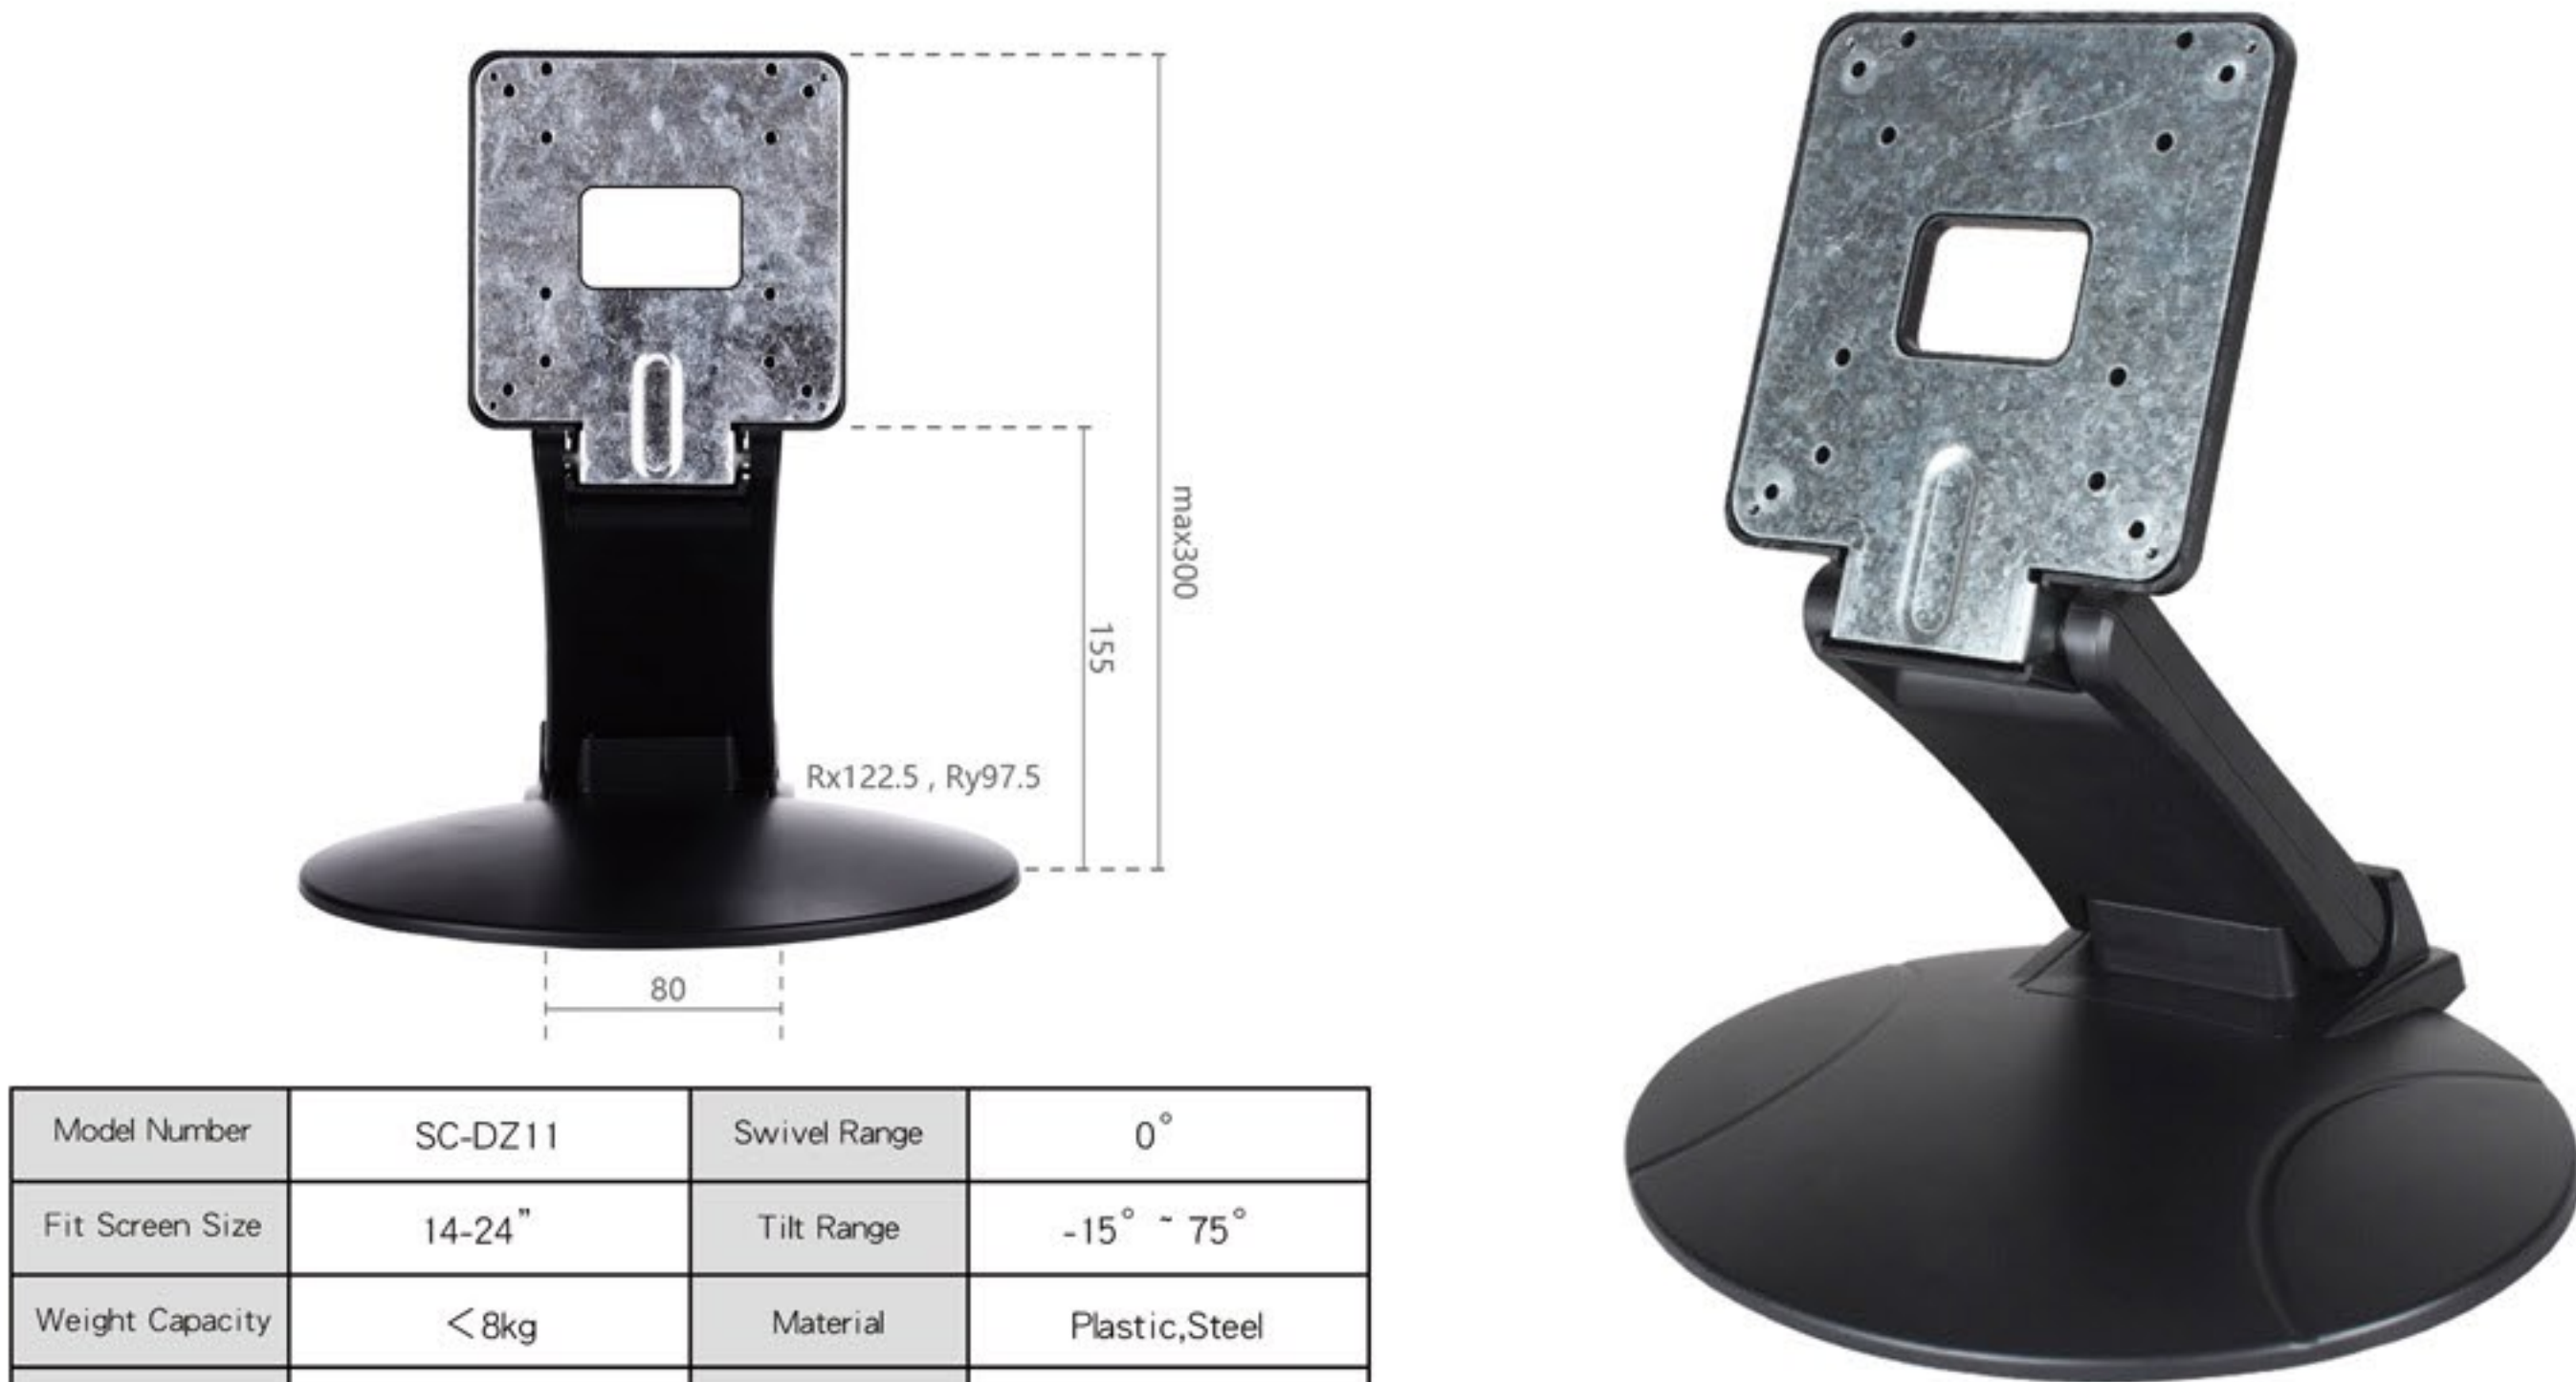

Model Number	DZ13D	Swivel Range	0°
Fit Screen Size	14-24"	Tilt Range	-15° ~ +75°
Weight Capacity	< 10kg	Material	Plastic,Steel
VESA Compatible	75*75/100*100mm	Installation:	Freestanding

FLIMSY DZ11 MONITOR DESK FOLD STAND

Model Number	DZ11	Swivel Range	0°
Fit Screen Size	14-24"	Tilt Range	-15° ~ +75°
Weight Capacity	< 3.5kg	Material	Plastic,Steel
VESA Compatible	75*75/100*100mm	Installation:	Freestanding

SC-DZ11 MONITOR DESK FOLD STAND

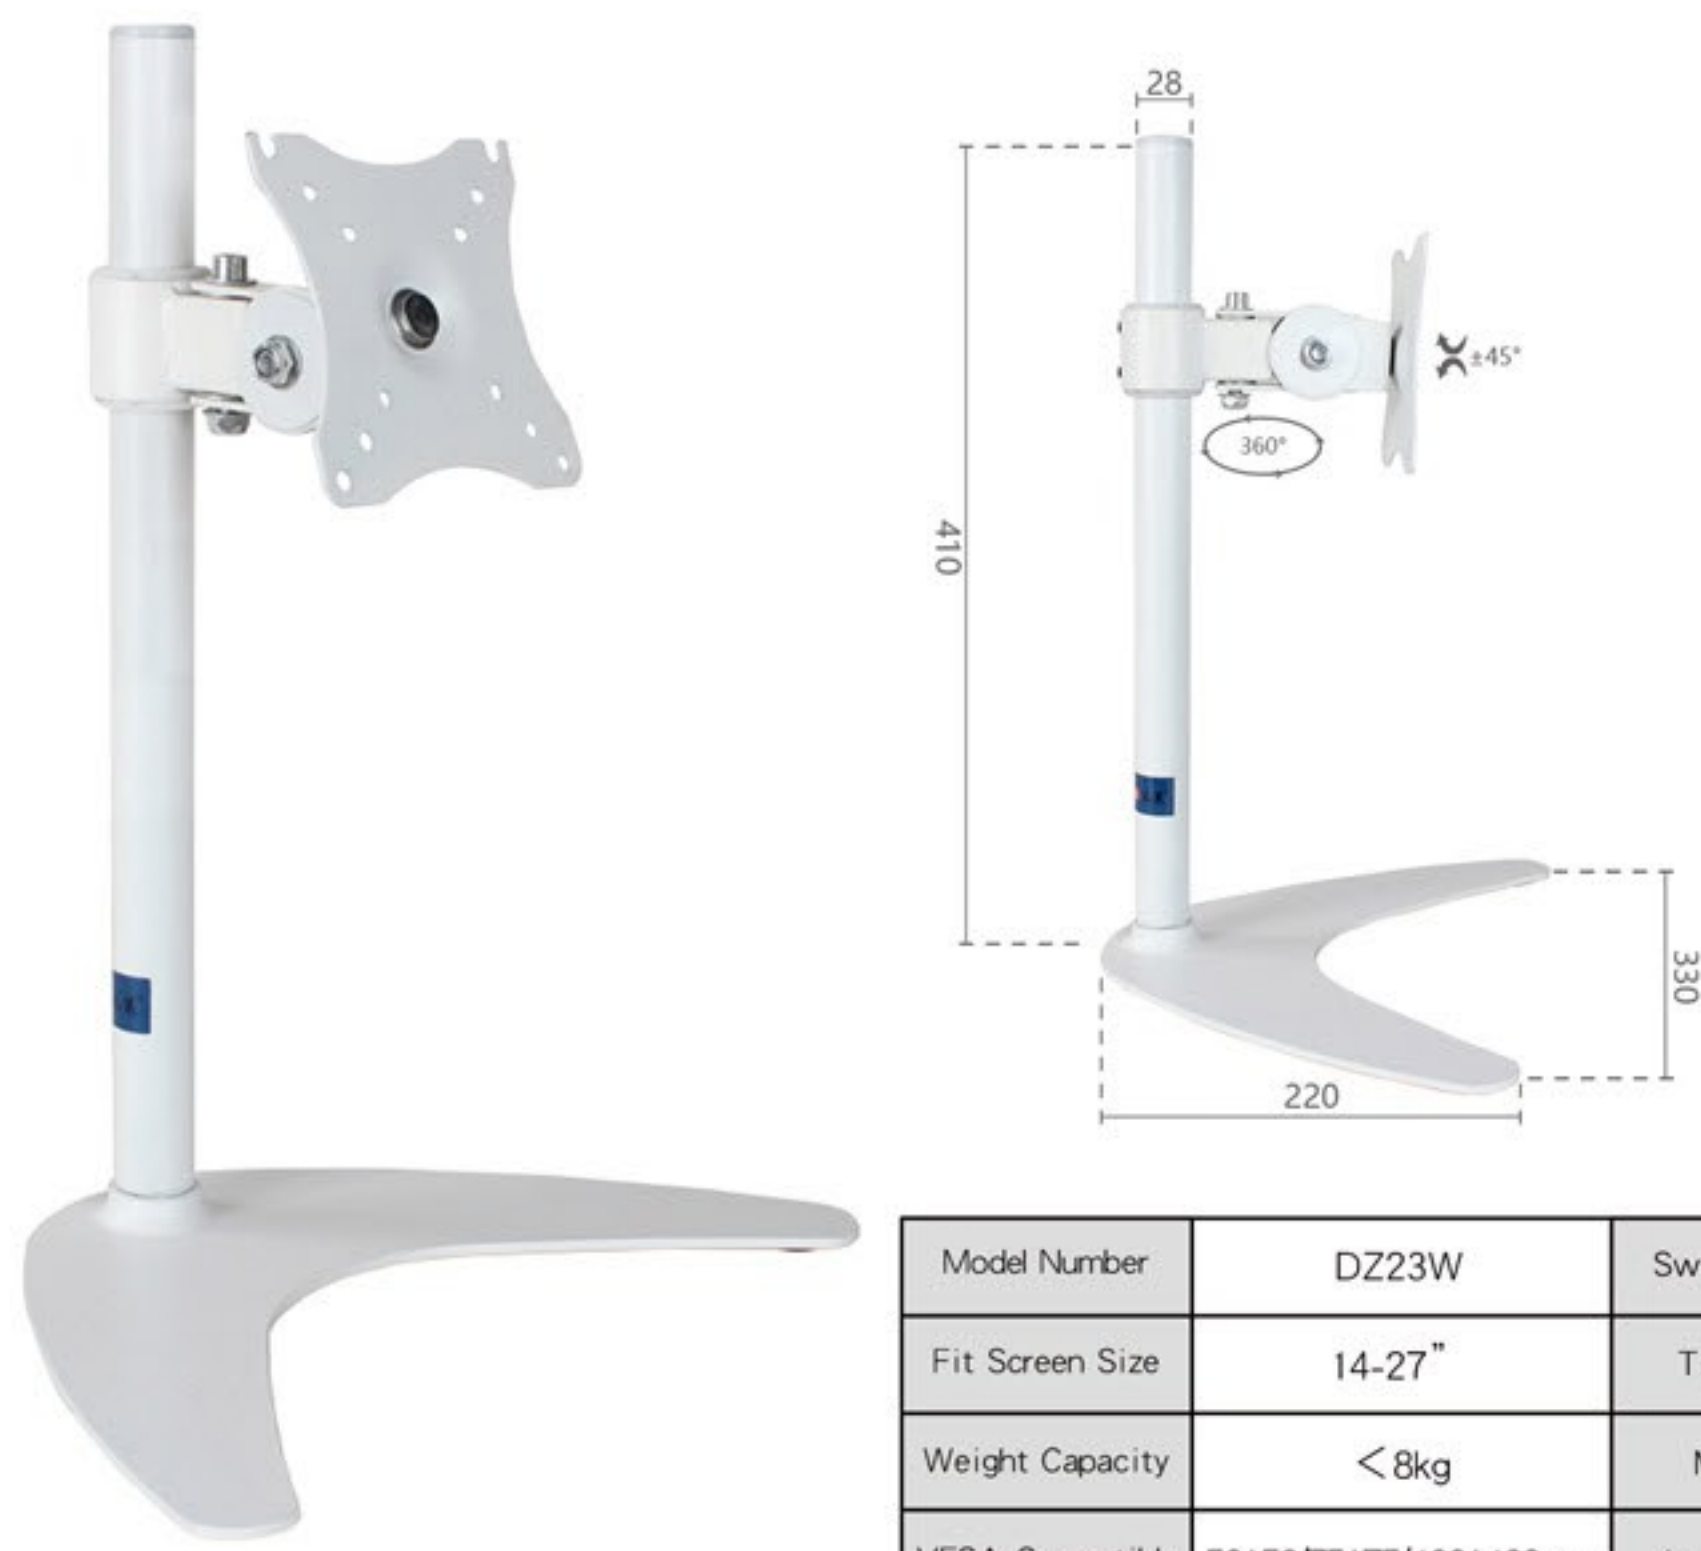

Model Number	SC-DZ11	Swivel Range	0°
Fit Screen Size	14-24"	Tilt Range	-15° ~ 75°
Weight Capacity	< 8kg	Material	Plastic,Steel
VESA Compatible	5*75/100*100mm	Installation:	Freestanding

DZV5 MONITOR DESK MOUNT

Model Number	DZV5	Swivel Range	0°
Fit Screen Size	12-27"	Tilt Range	+15° ~-5°
Weight Capacity	< 8kg	Material	Aluminum,Steel
VESA Compatible	50*50/75*75/100*100mm	Installation:	Freestanding

DZ23W MONITOR DESK MOUNT

Model Number	DZ23W	Swivel Range	360°
Fit Screen Size	14-27"	Tilt Range	45° ~-45°
Weight Capacity	< 8kg	Material	Steel
VESA Compatible	50*50/75*75/100*100mm	Installation:	Freestanding

DZ22 MONITOR DESK MOUNT

Model Number	DZ22	Swivel Range	360°
Fit Screen Size	14-27"	Tilt Range	45° ~-45°
Weight Capacity	< 8kg	Material	Steel
VESA Compatible	50*50/75*75/100*100mm	Installation:	Freestanding

XDZ25-600 MONITOR DESK MOUNT

Model Number	XDZ25-600	Swivel Range	360°
Fit Screen Size	14-27"	Tilt Range	45° ~-45°
Weight Capacity	< 8.5kg	Material	Steel
VESA Compatible	50*50/75*75/100*100mm	Installation:	Freestanding

XDZ27-600 MONITOR DESK MOUNT

Model Number	XDZ27-600	Swivel Range	360°
Fit Screen Size	12-27"	Tilt Range	+45° ~-45°
Weight Capacity	< 8kg	Material	Steel
VESA Compatible	50*50/75*75/100*100mm	Installation:	Freestanding

DZ28 MONITOR DESK MOUNT

Model Number	DZ28 (Black/White)	Swivel Range	360°
Fit Screen Size	13-32"	Tilt Range	+45° ~-45°
Weight Capacity	< 8kg	Material	Steel
VESA Compatible	50-50/75*75/100*100mm	Installation:	Freestanding

DZ20 MONITOR DESK MOUNT

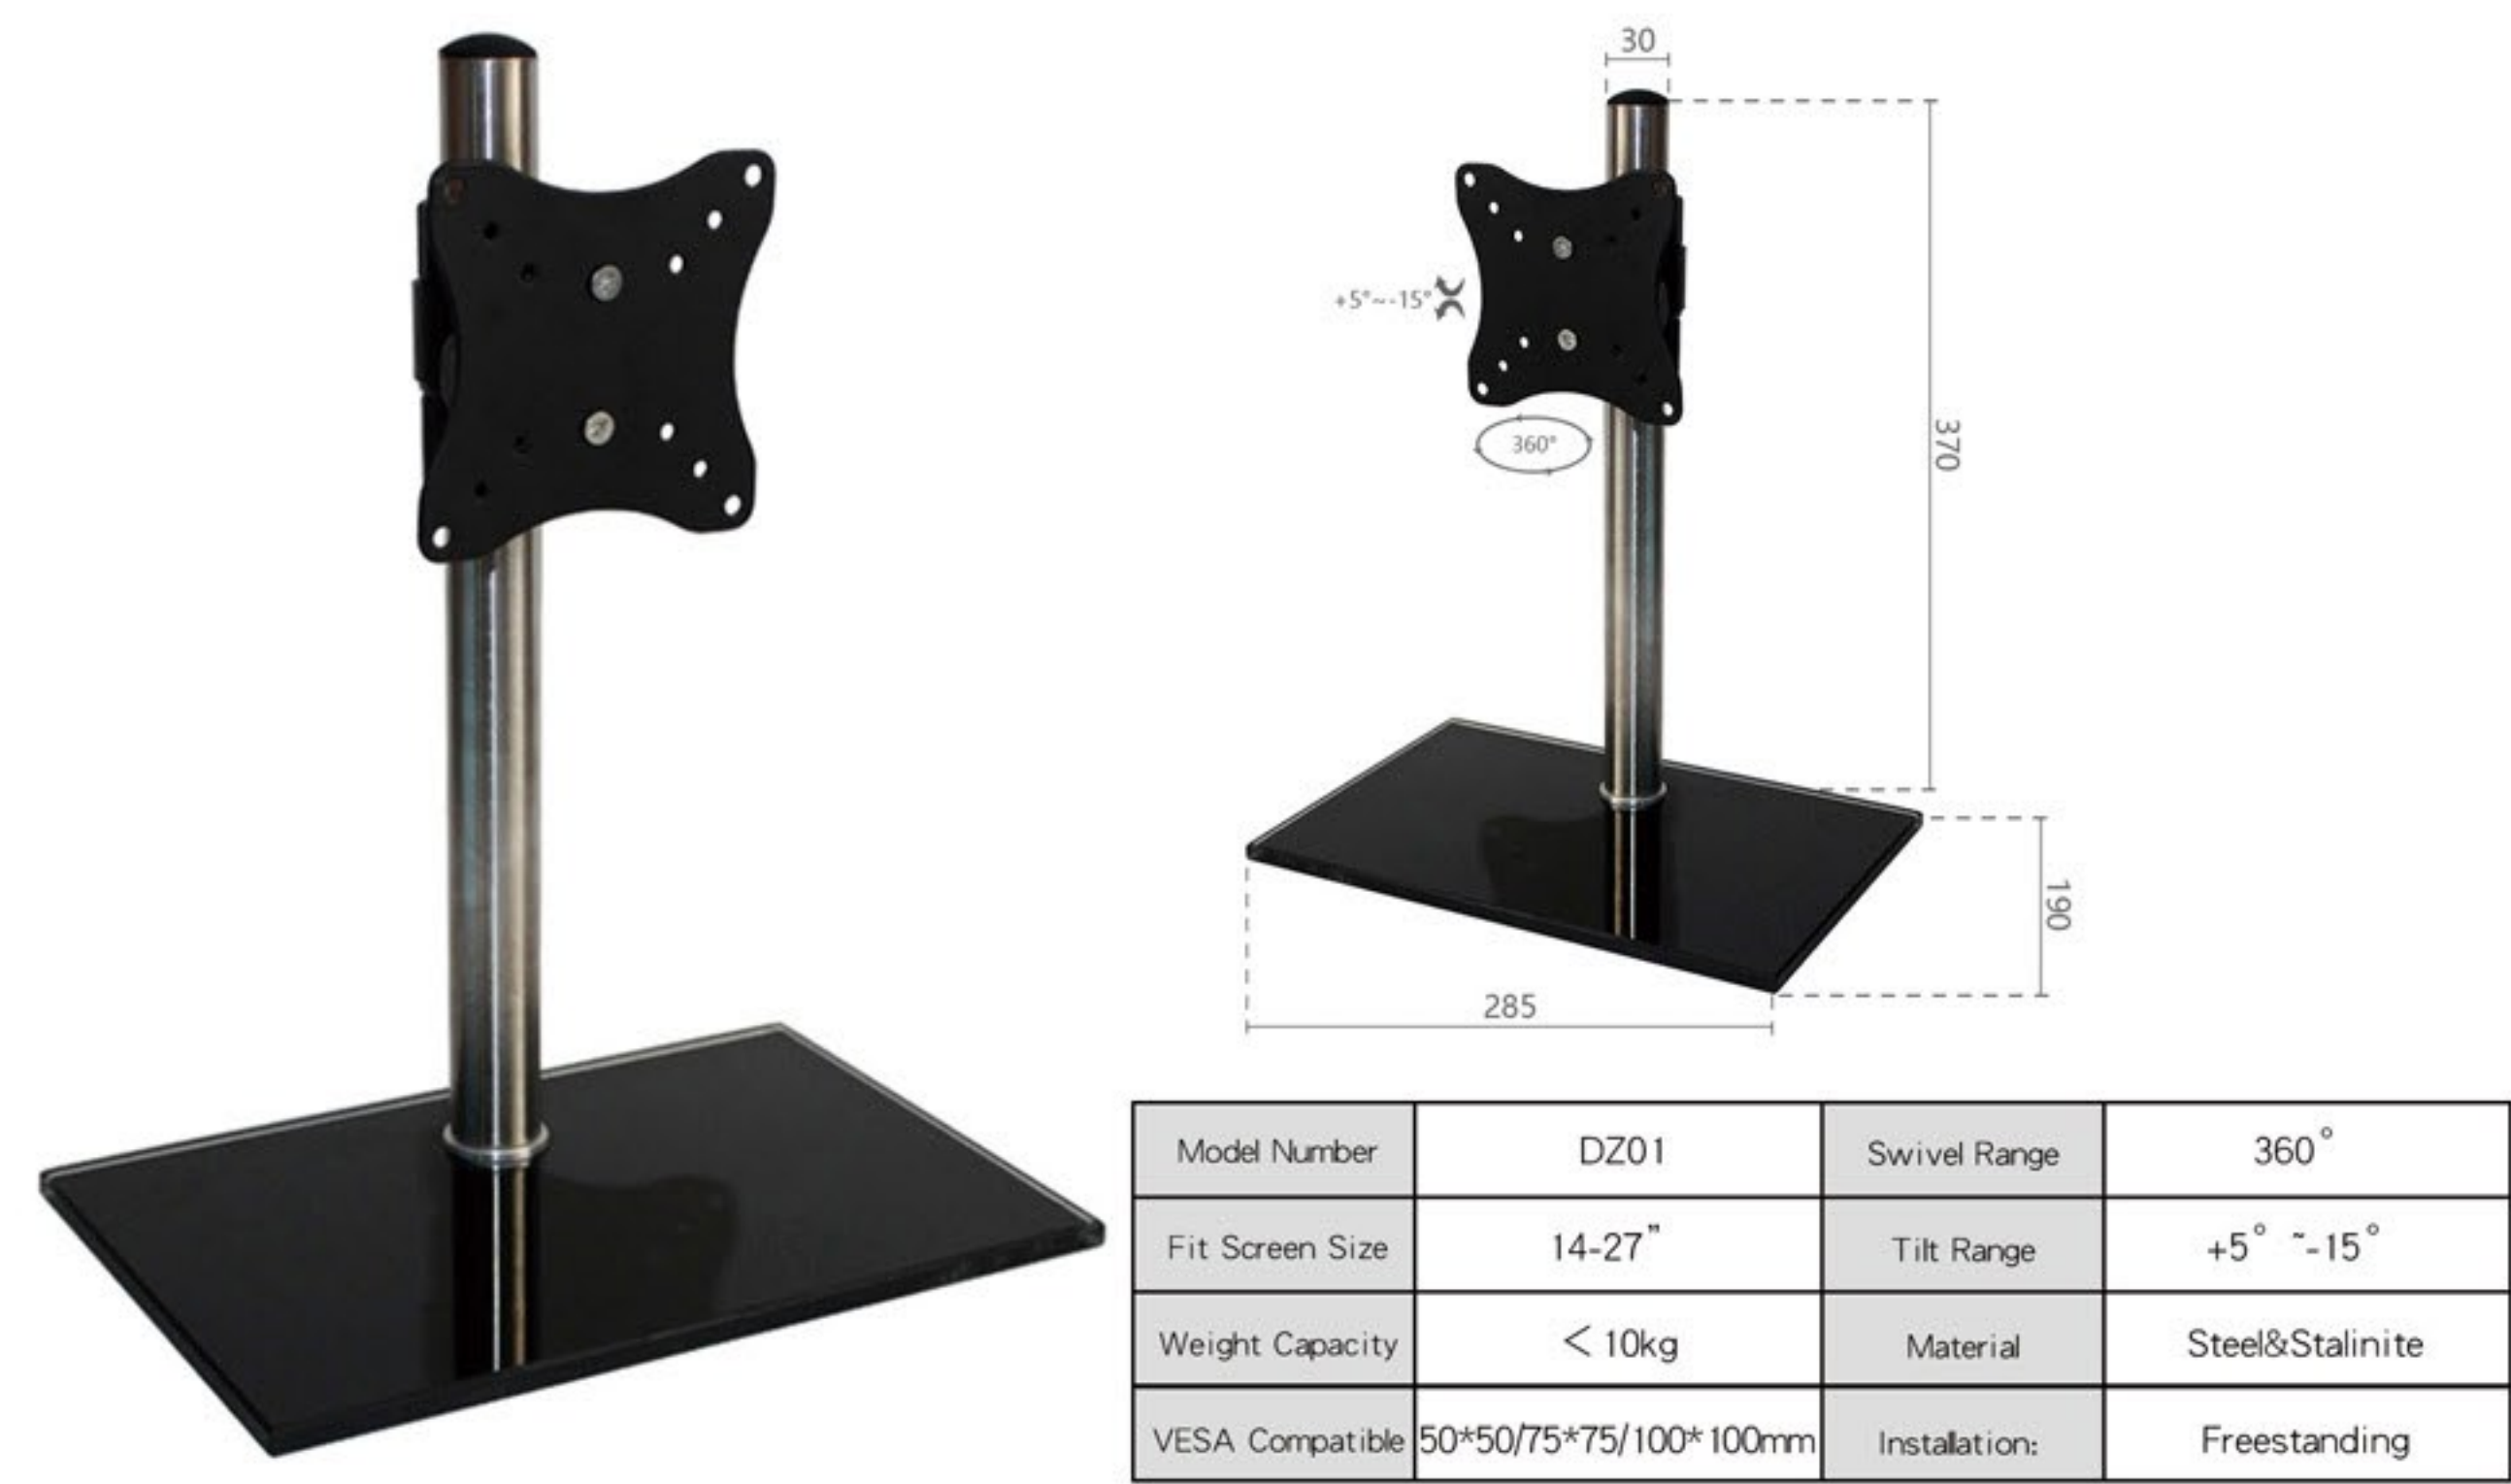

Model Number	DZ20 (Black/White)	Swivel Range	360°
Fit Screen Size	13-32"	Tilt Range	+45° ~-45°
Weight Capacity	< 8.5kg	Material	Steel
VESA Compatible	50*50/75*75/100*100mm	Installation:	Freestanding

DZ17 MONITOR DESK MOUNT

Model Number	DZ17	Swivel Range	180°
Fit Screen Size	13-32"	Tilt Range	+45° ~-45°
Weight Capacity	< 8 kg	Material	Steel
VESA Compatible	75*75/100*100mm	Installation:	Freestanding

DZ01 MONITOR DESK MOUNT

D1U GAS SPRING MONITOR ARM

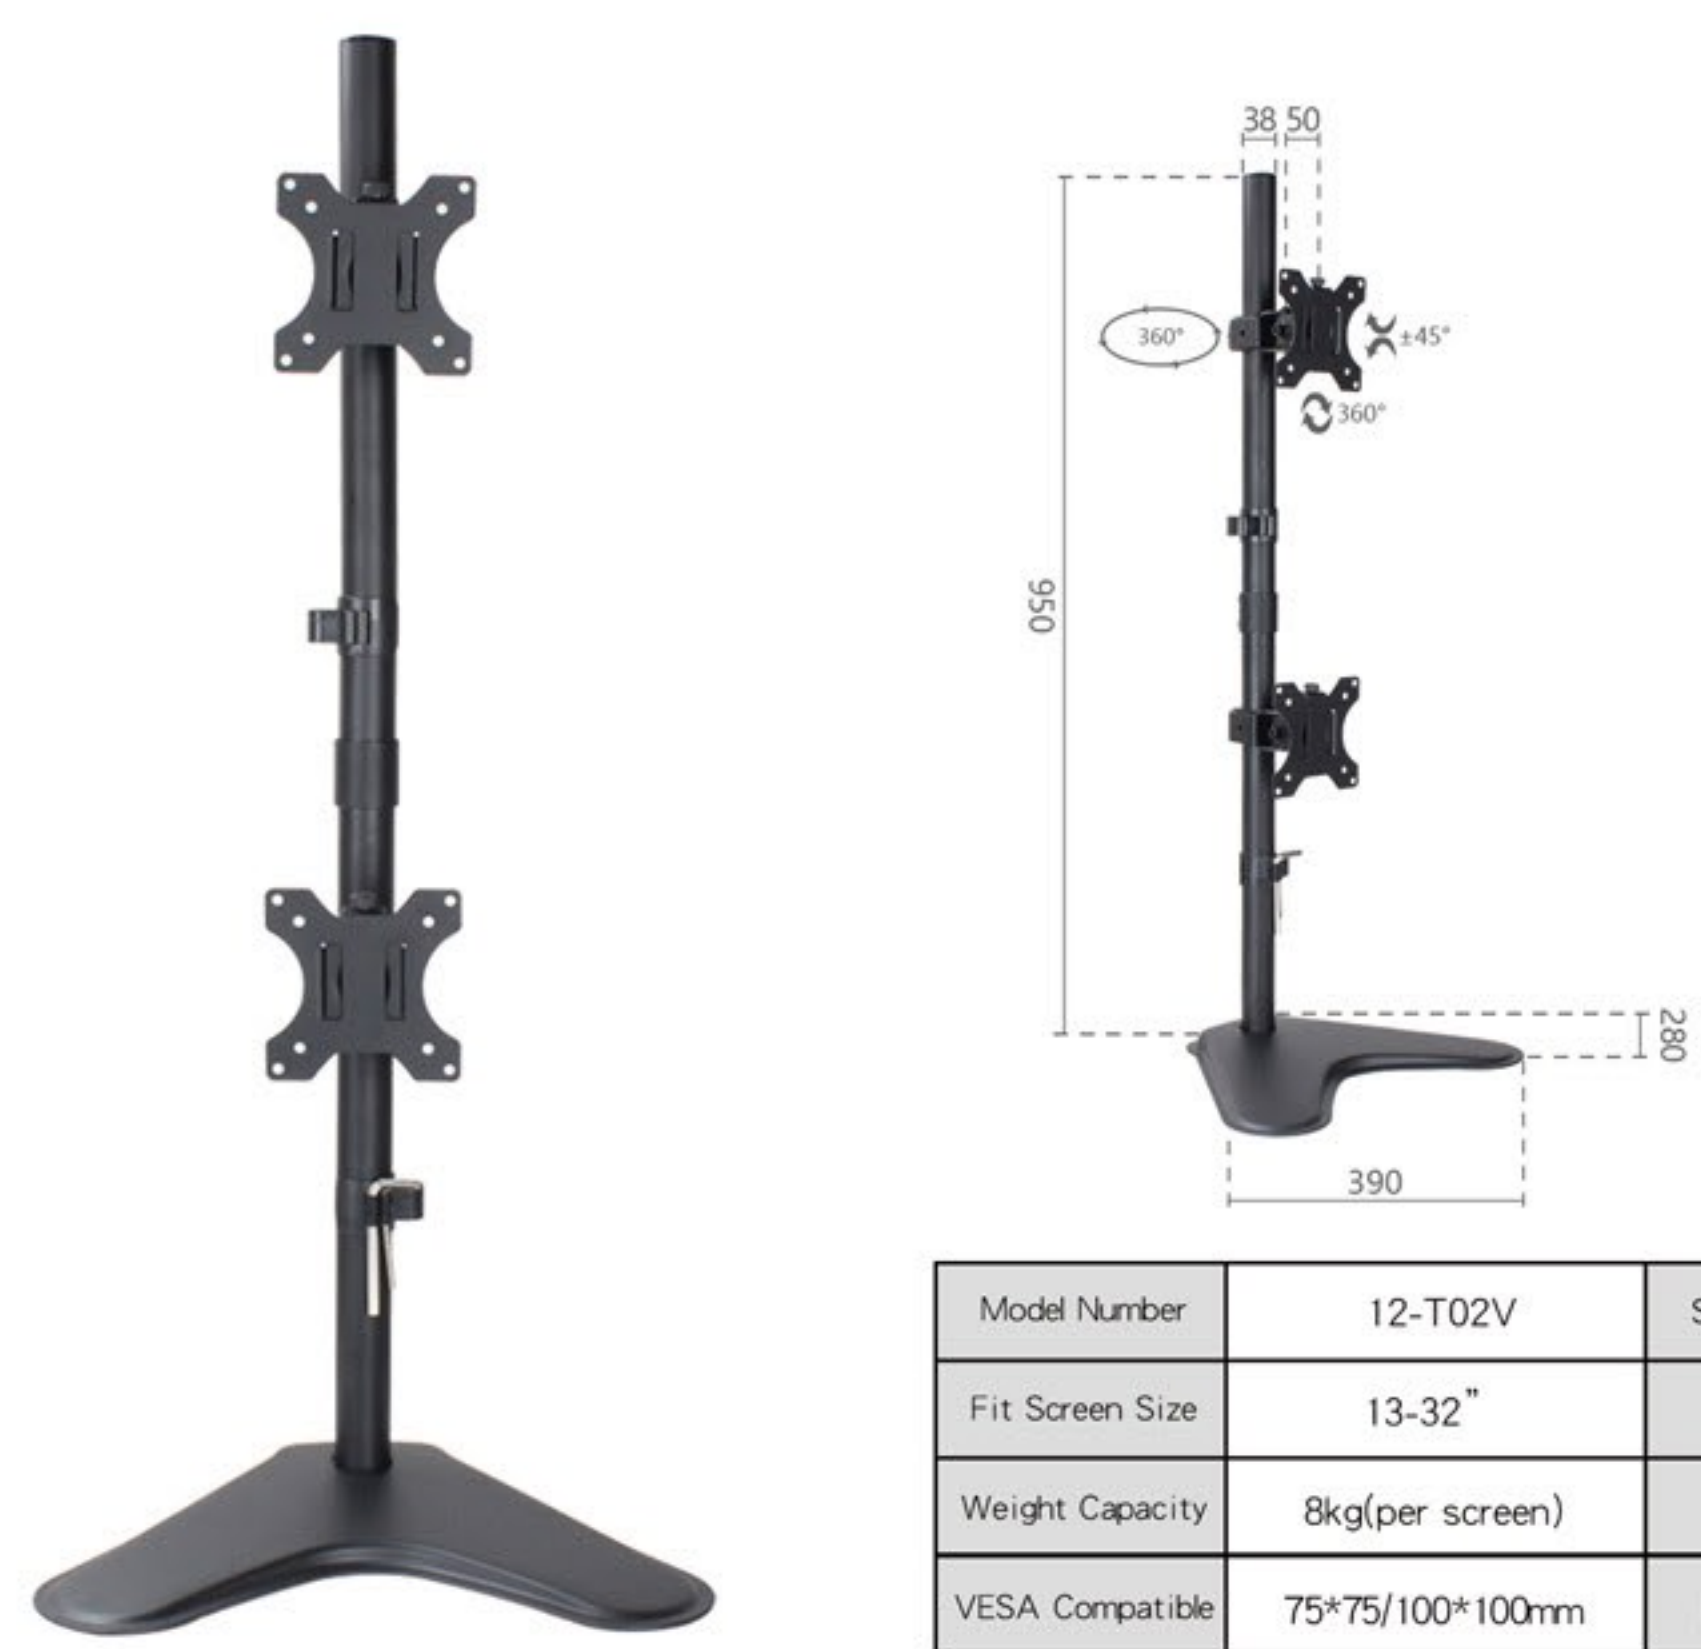

D1 GAS SPRING MONITOR ARM

SINGLE FULL-IRON MONITOR STAND WITH THE HEIGHT OF 700mm

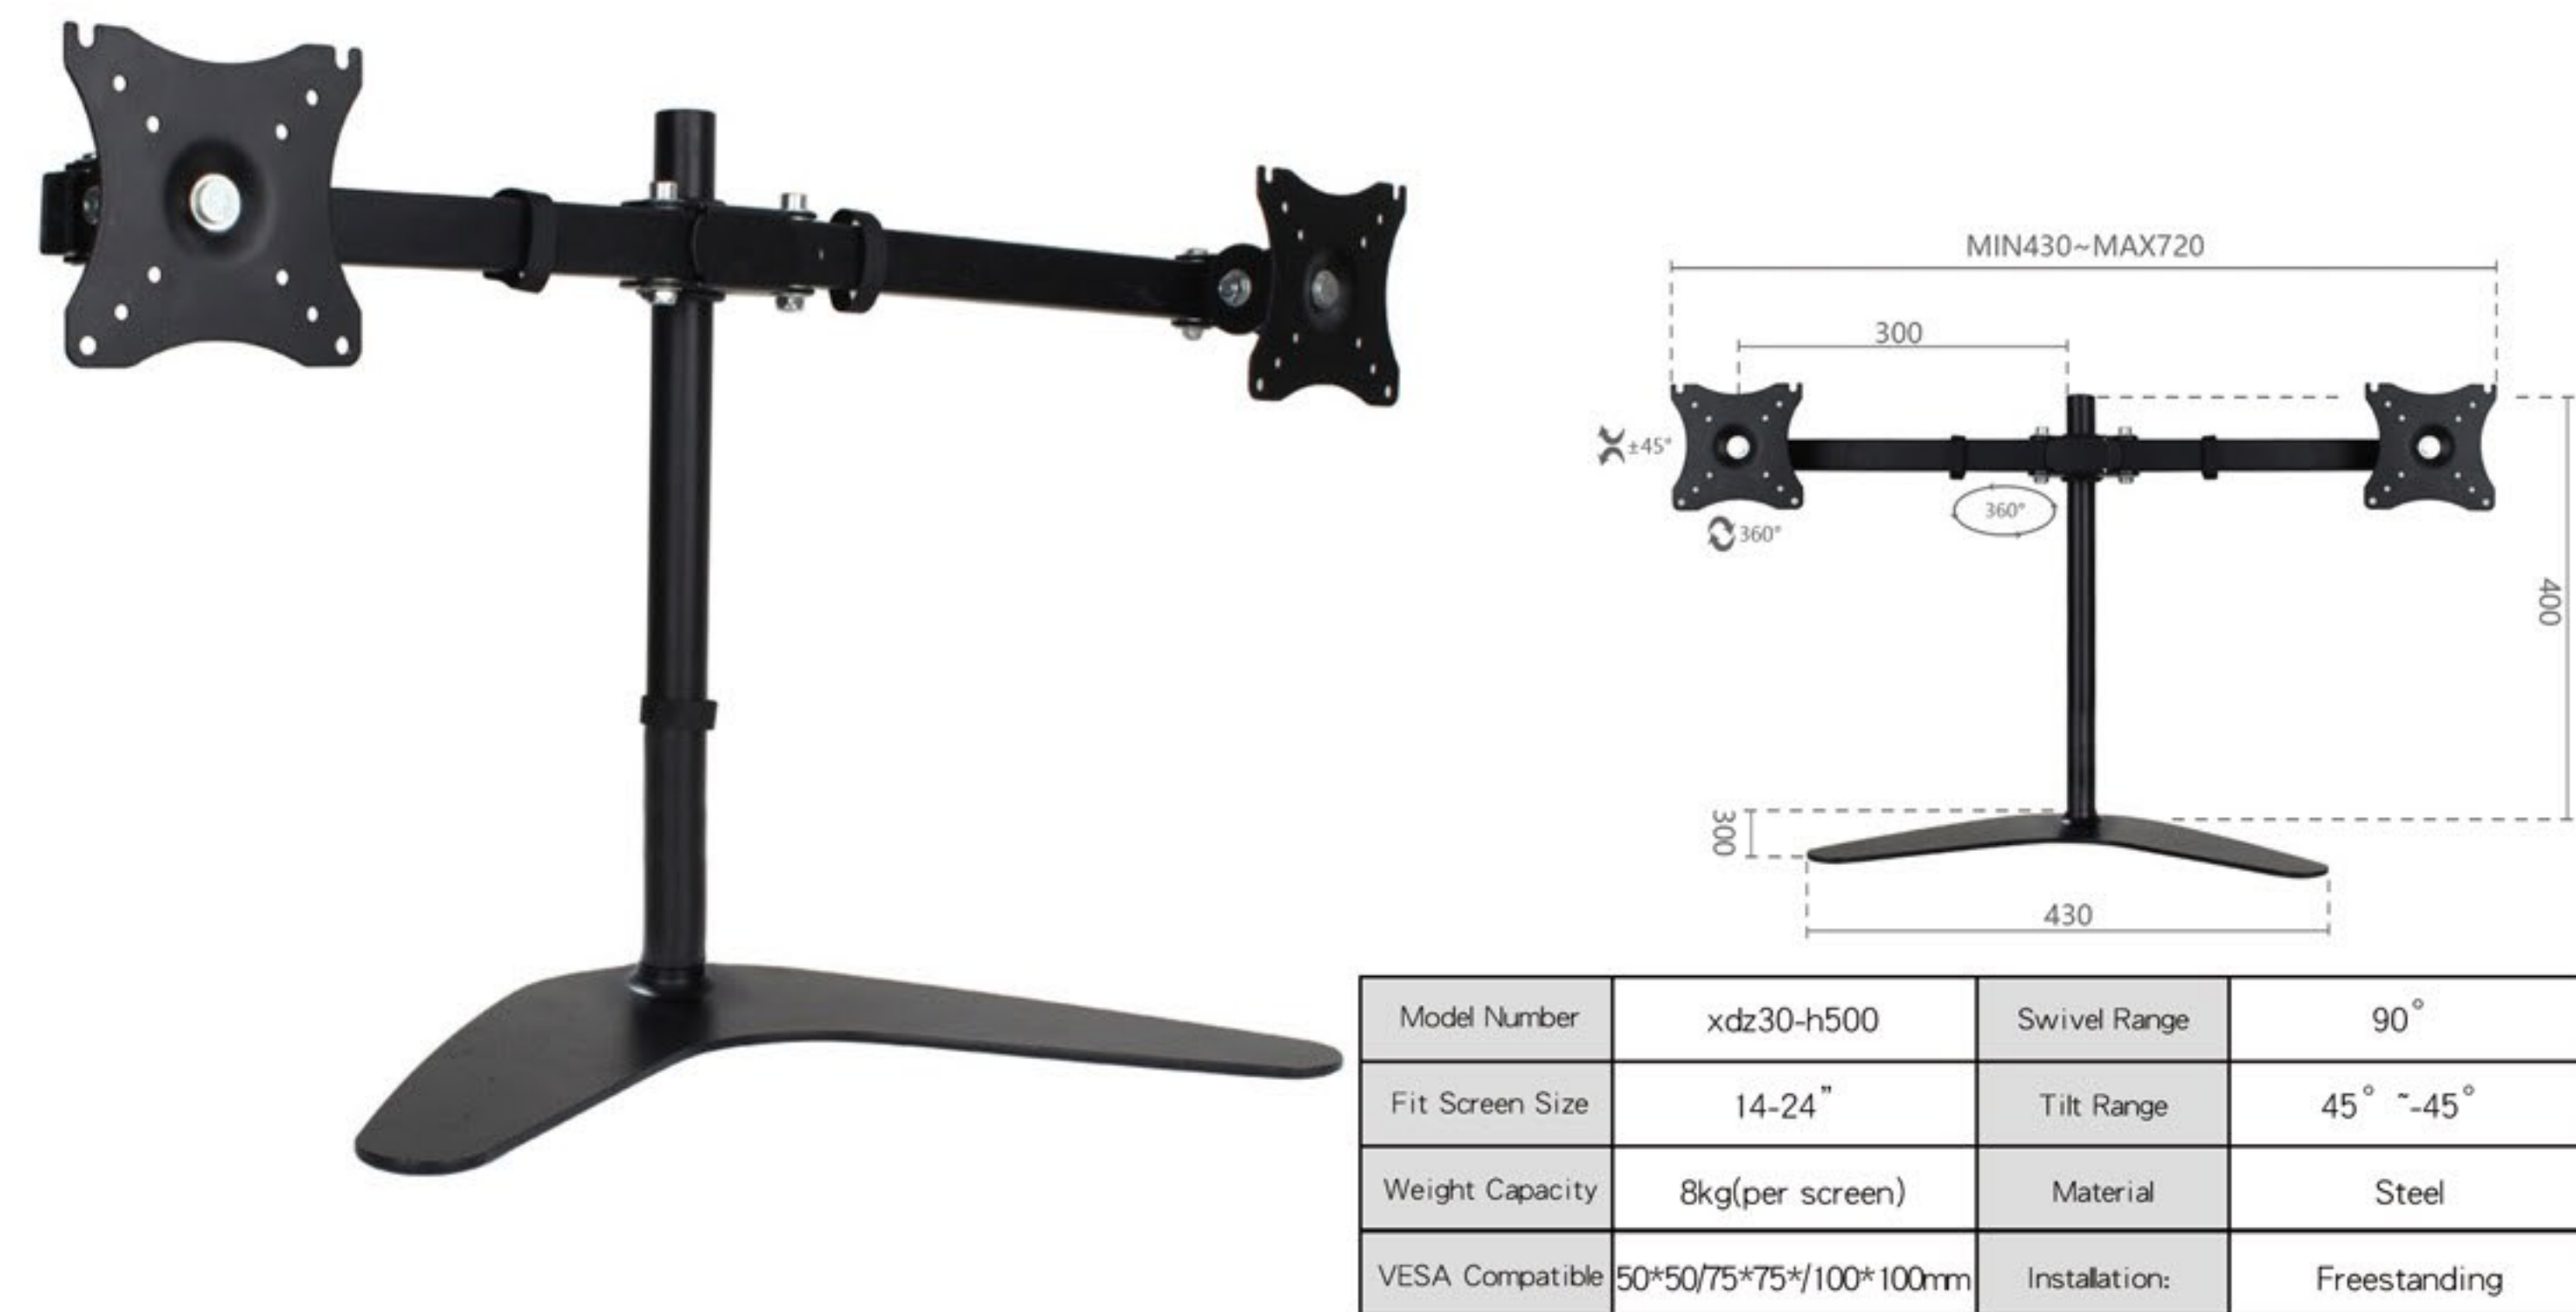

12-T02V DESK MOUNTS FOR DUAL MONITORS IN THE VERTICAL LINE

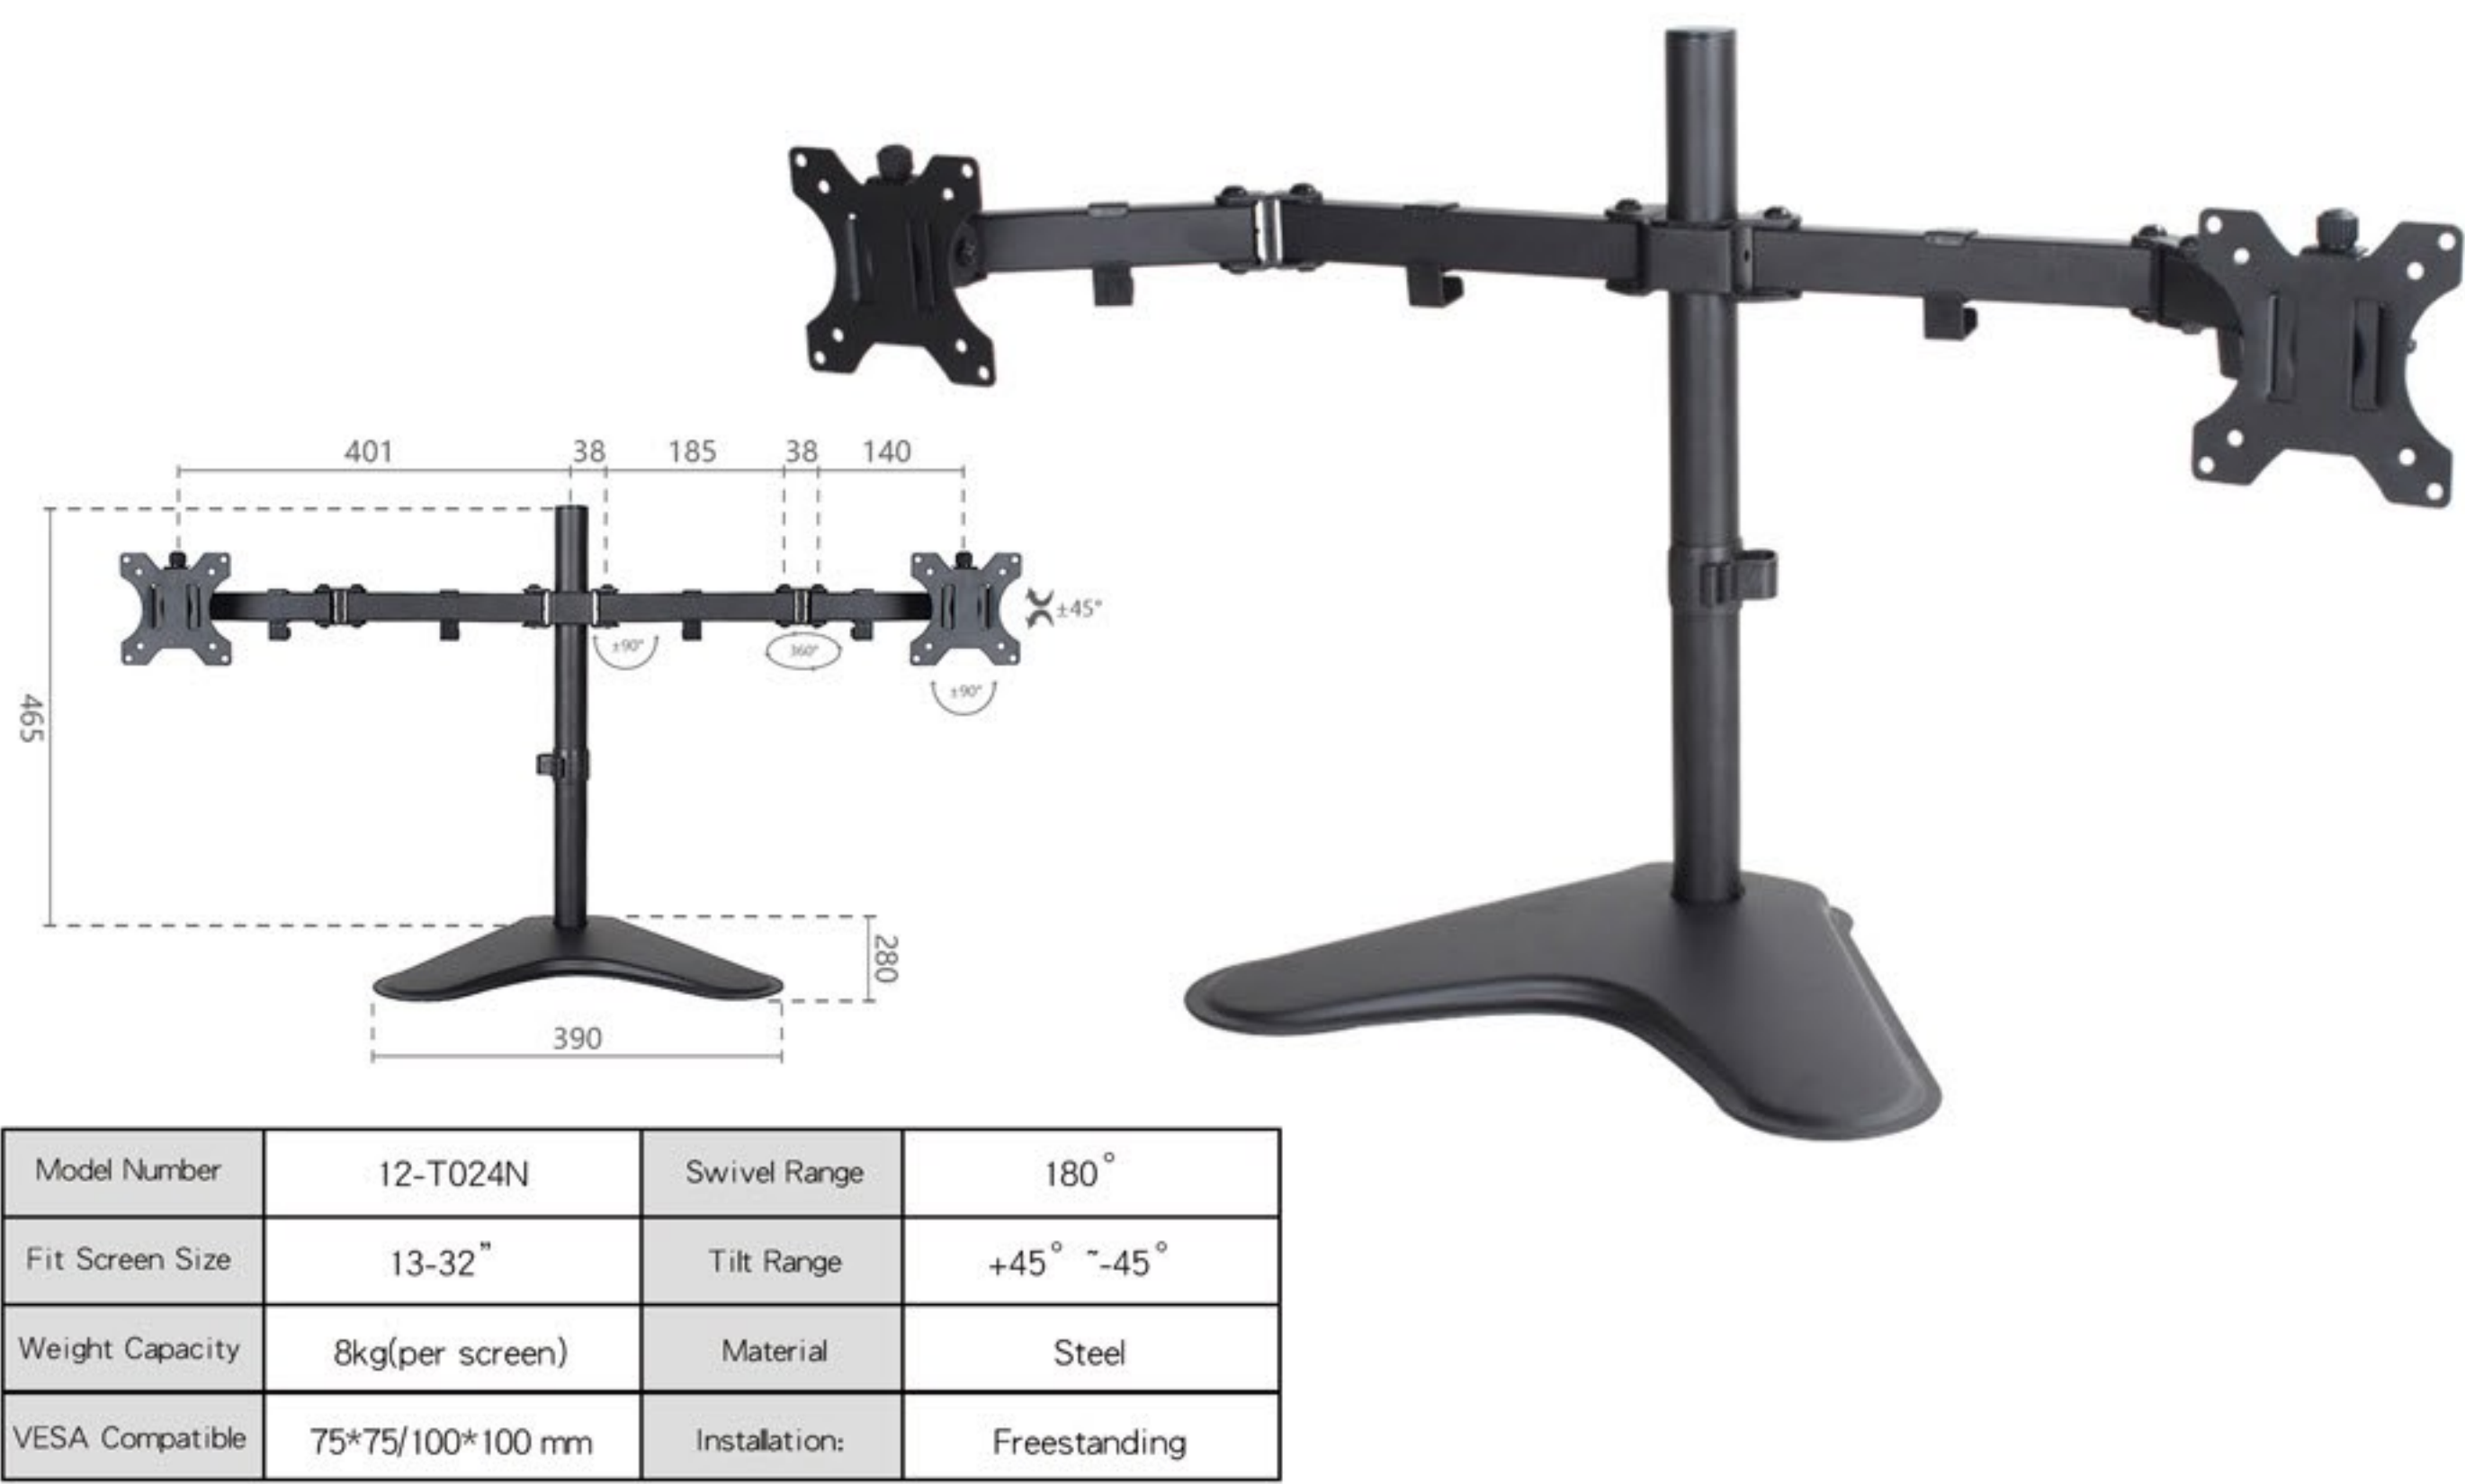

Model Number	12-T02V	Swivel Range	180°
Fit Screen Size	13-32"	Tilt Range	+45° ~-15°
Weight Capacity	8kg(per screen)	Material	Steel
VESA Compatible	75*75/100*100mm	Installation:	Freestanding

XDZ30-H500 DESK MOUNTS FOR DUAL MONITORS IN THE HORIZONTAL LINE

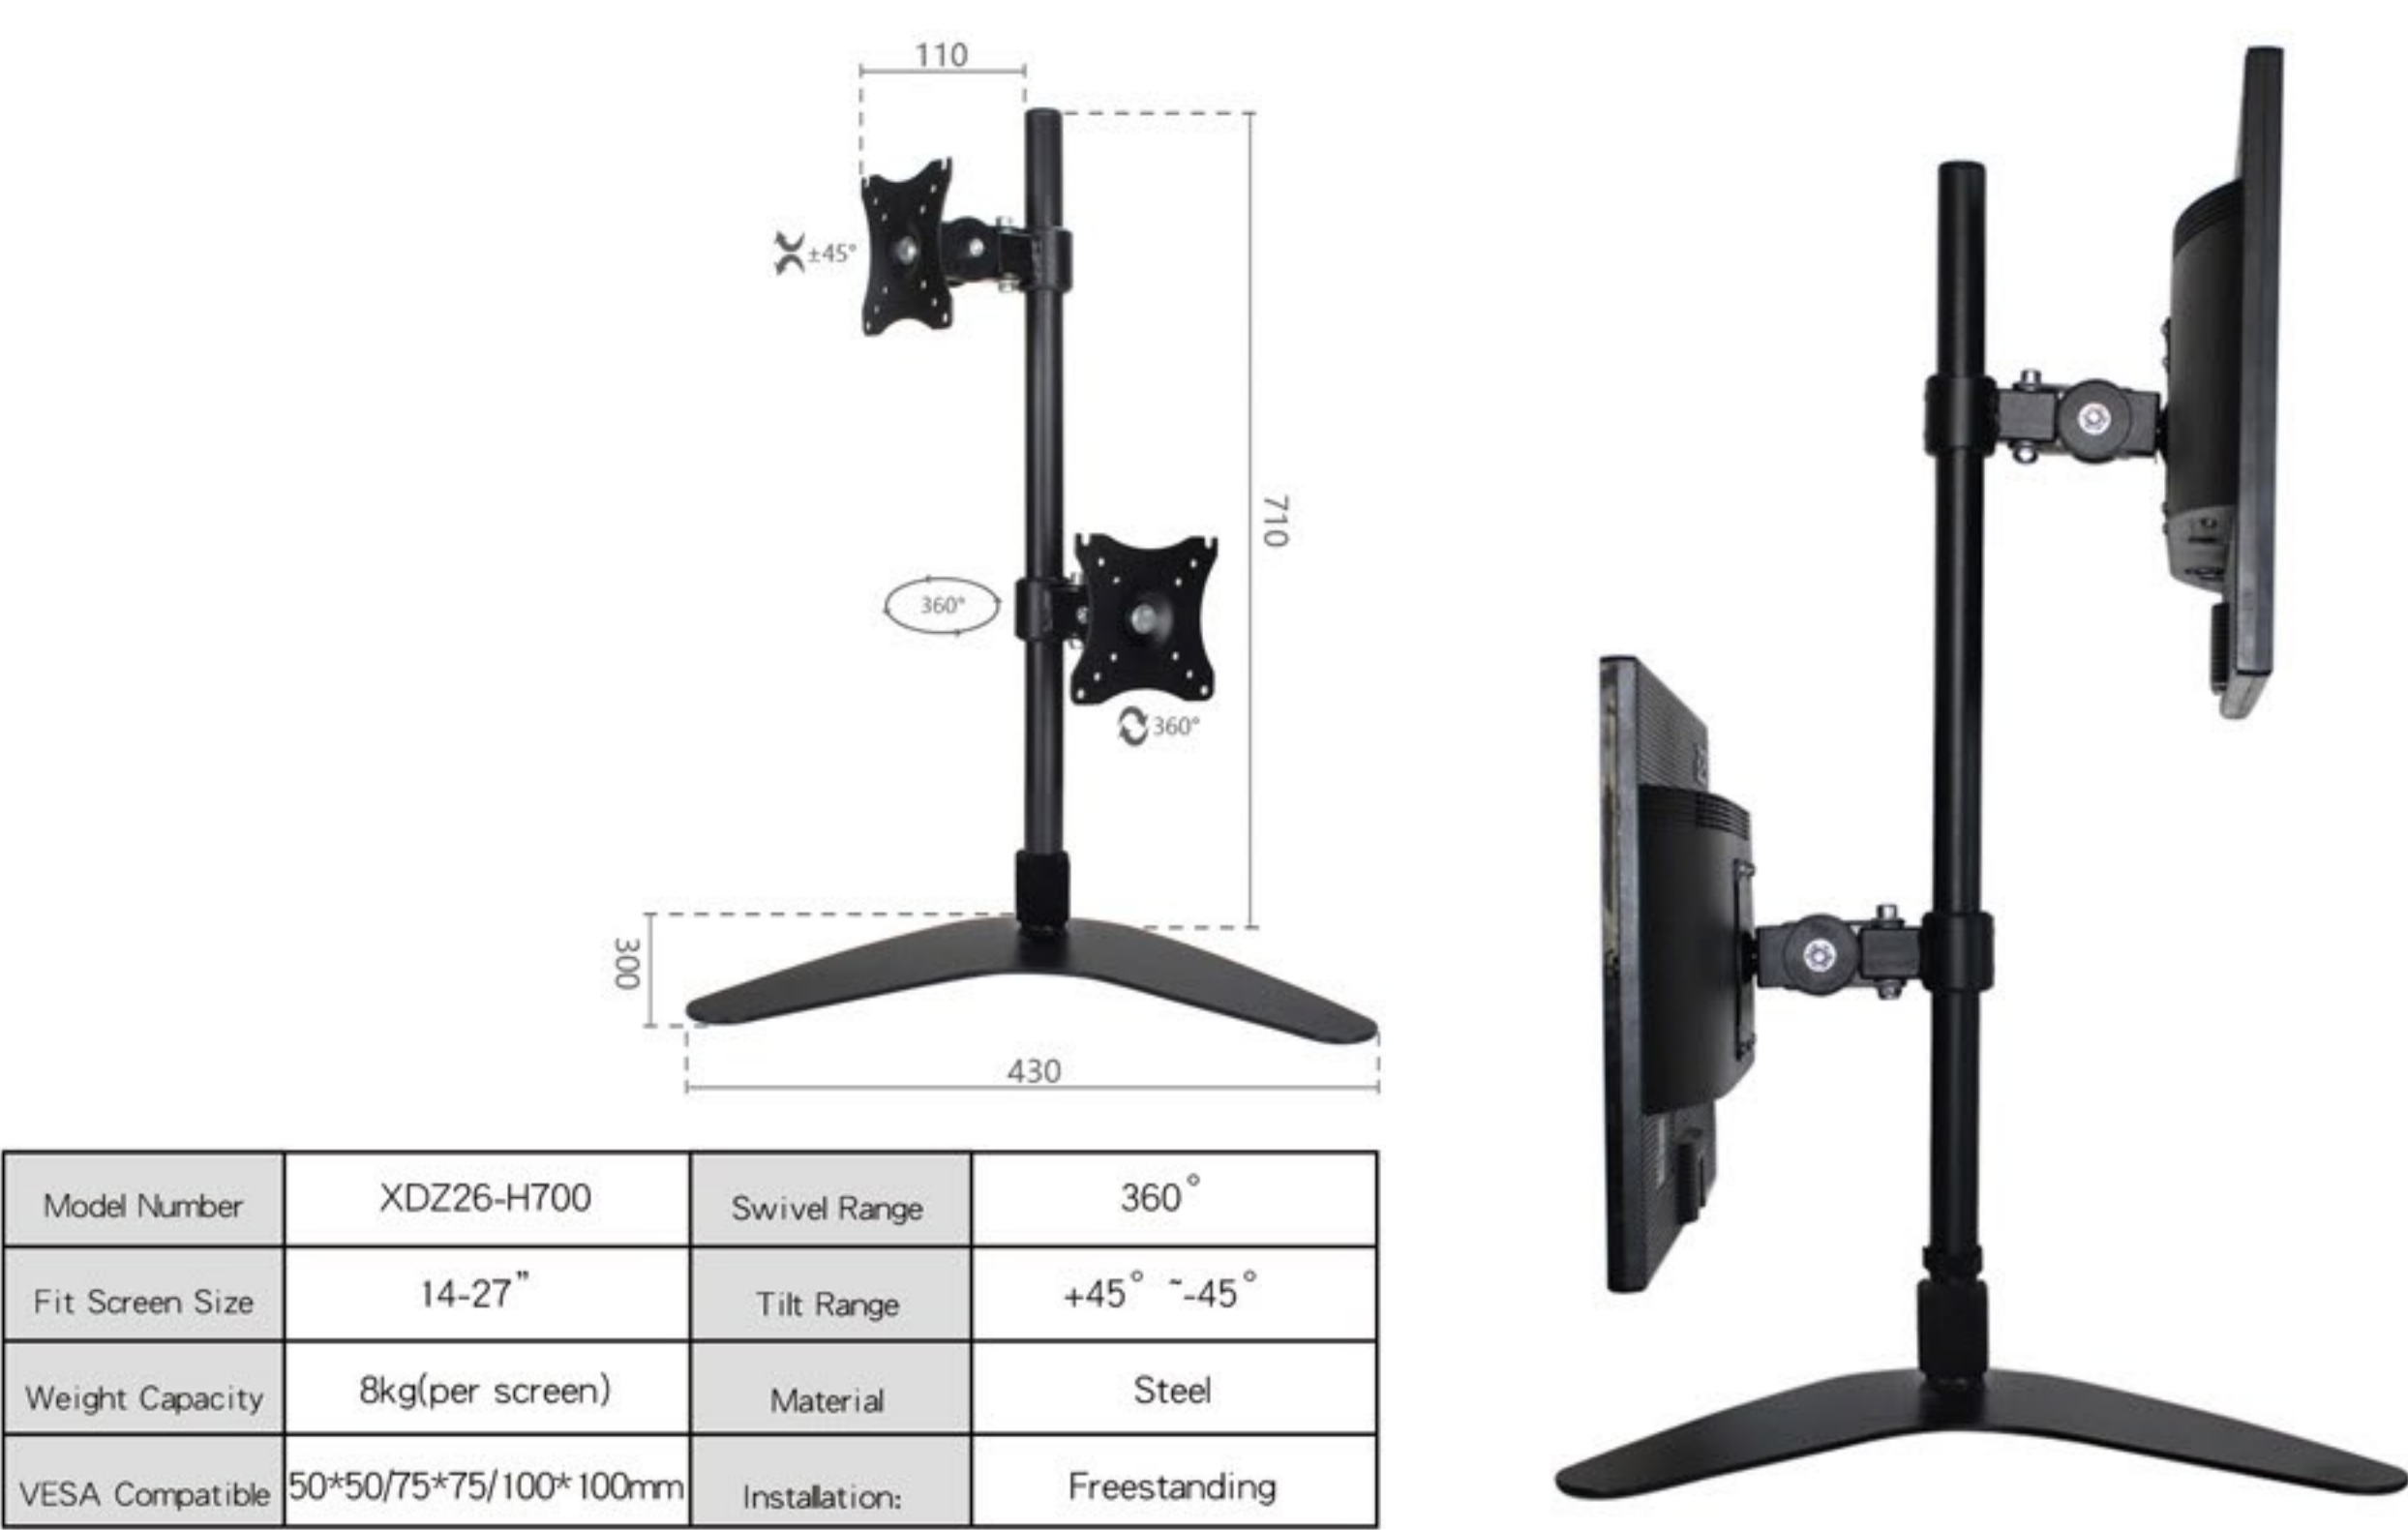

Model Number	xdz30-h500	Swivel Range	90°
Fit Screen Size	14-24"	Tilt Range	45° ~-45°
Weight Capacity	8kg(per screen)	Material	Steel
VESA Compatible	50*50/75*75/100*100mm	Installation:	Freestanding

12-T024N DESK MOUNTS FOR DUAL MONITORS IN THE HORIZONTAL LINE

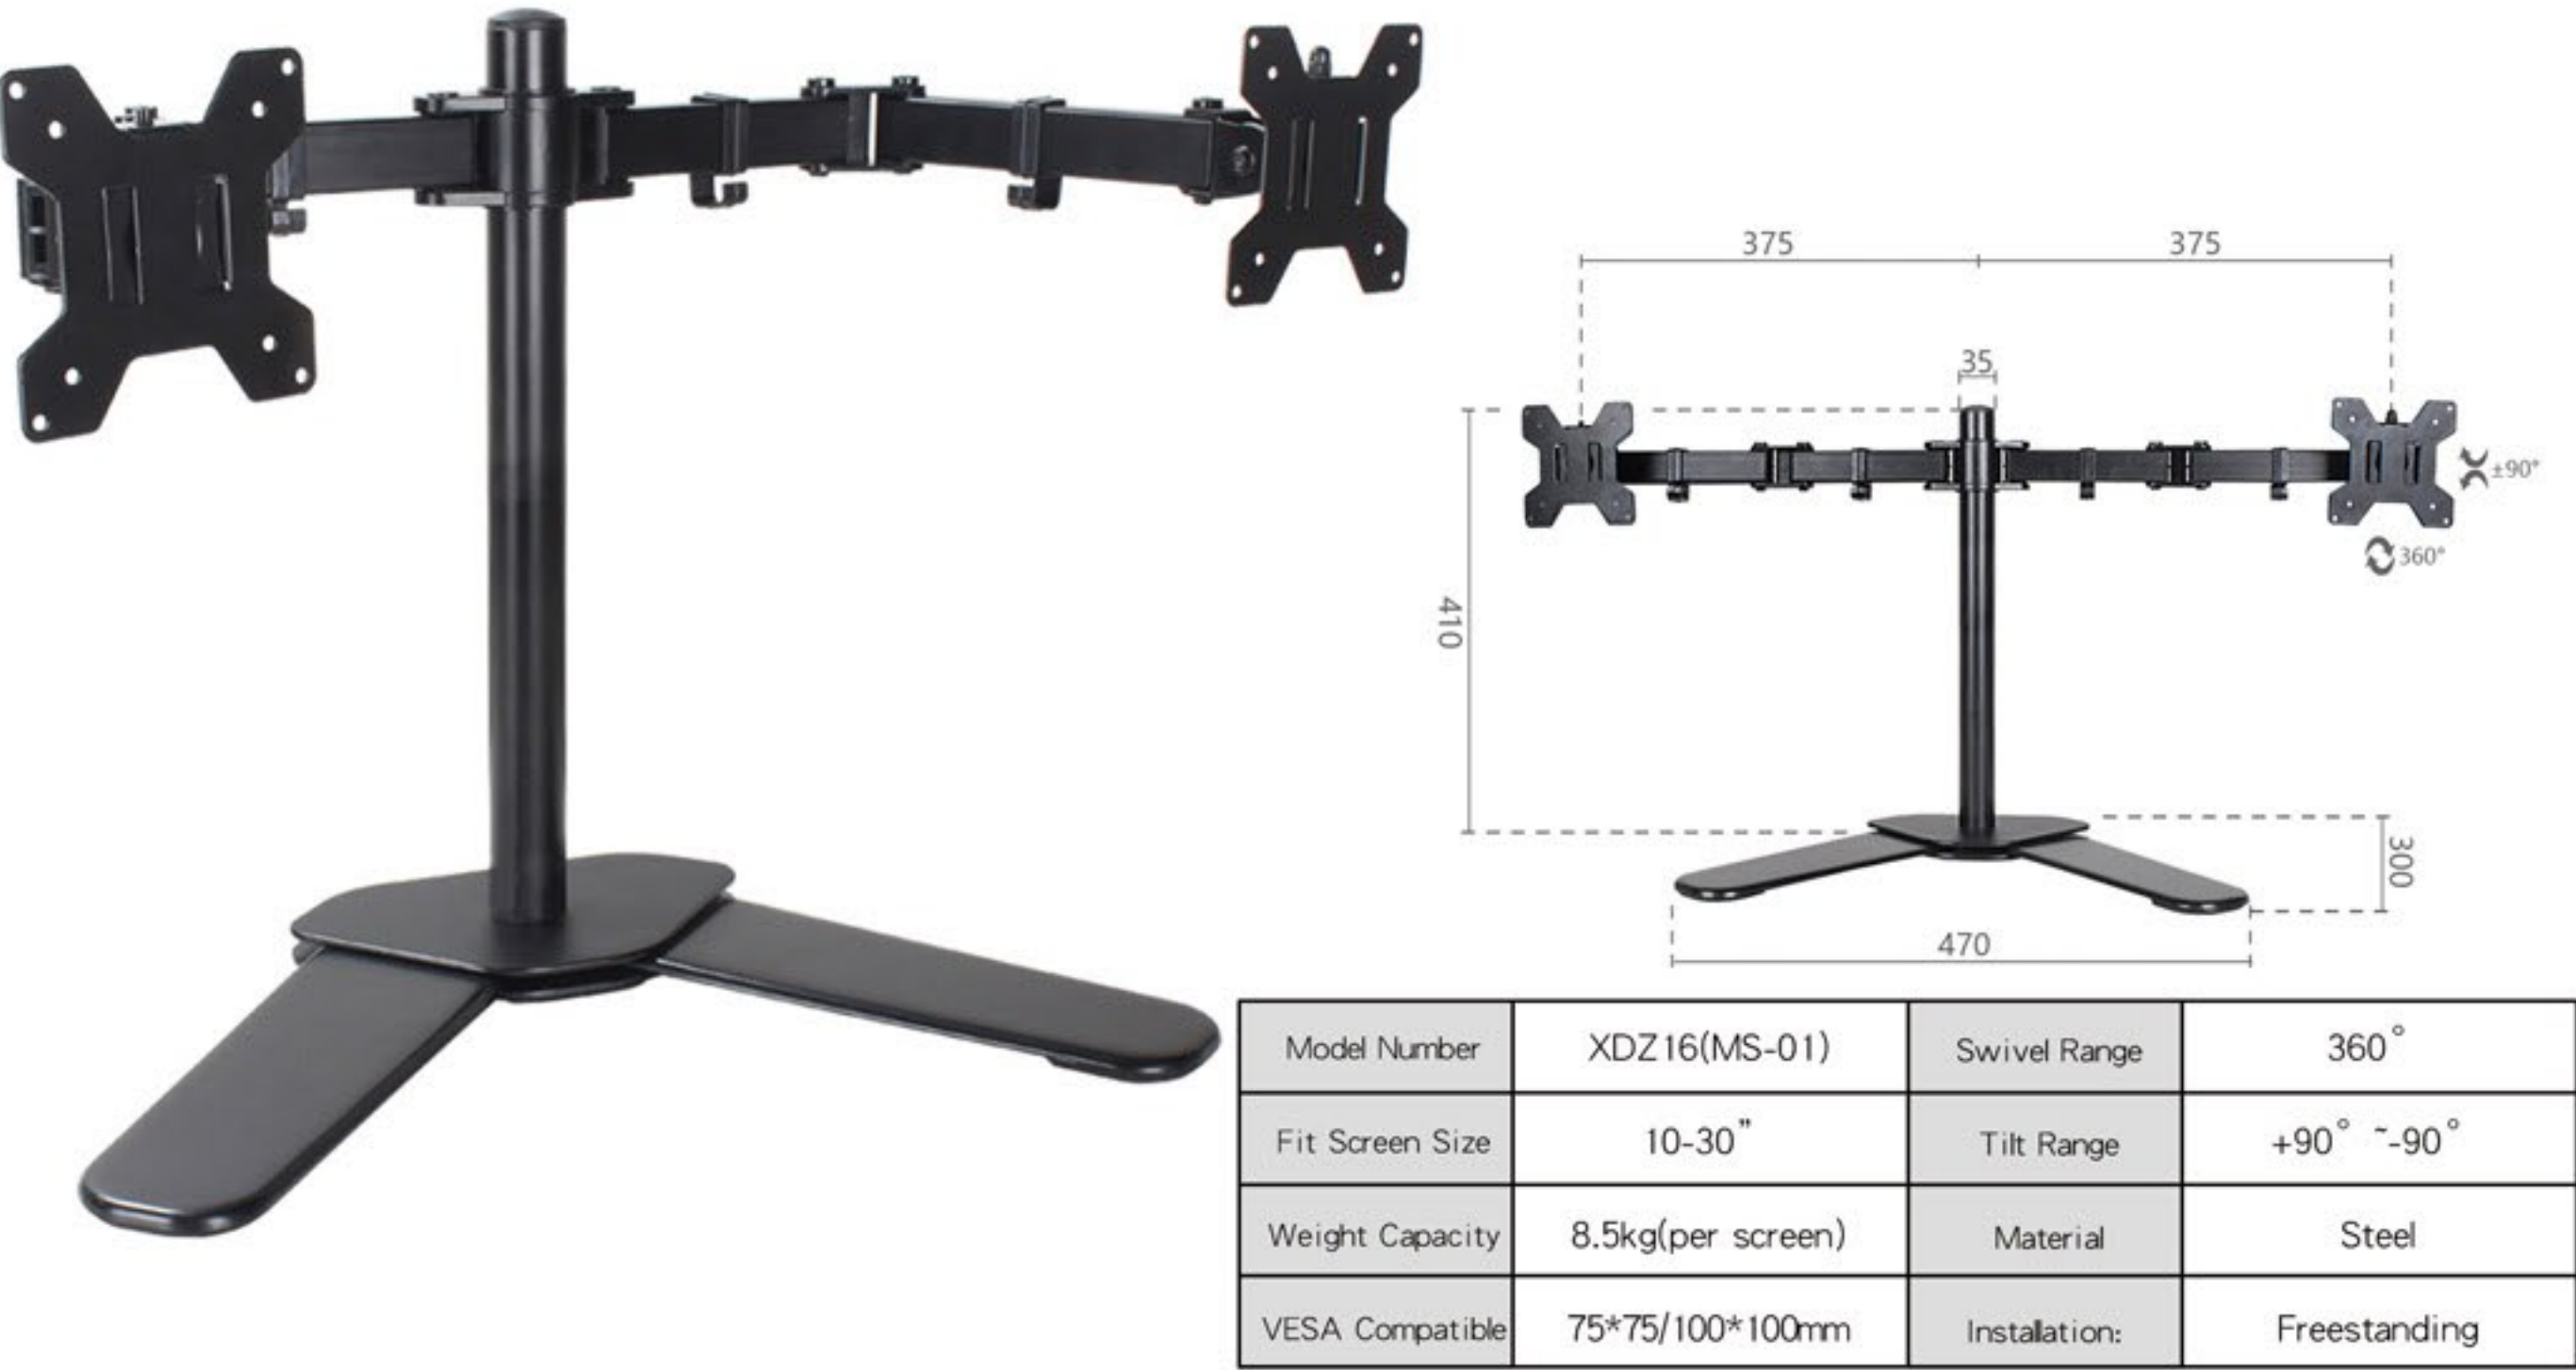

Model Number	12-T024N	Swivel Range	180°
Fit Screen Size	13-32"	Tilt Range	+45° ~-45°
Weight Capacity	8kg(per screen)	Material	Steel
VESA Compatible	75*75/100*100 mm	Installation:	Freestanding

XDZ26-H700 DESK MOUNTS FOR DUAL MONITORS IN THE VERTICAL LINE

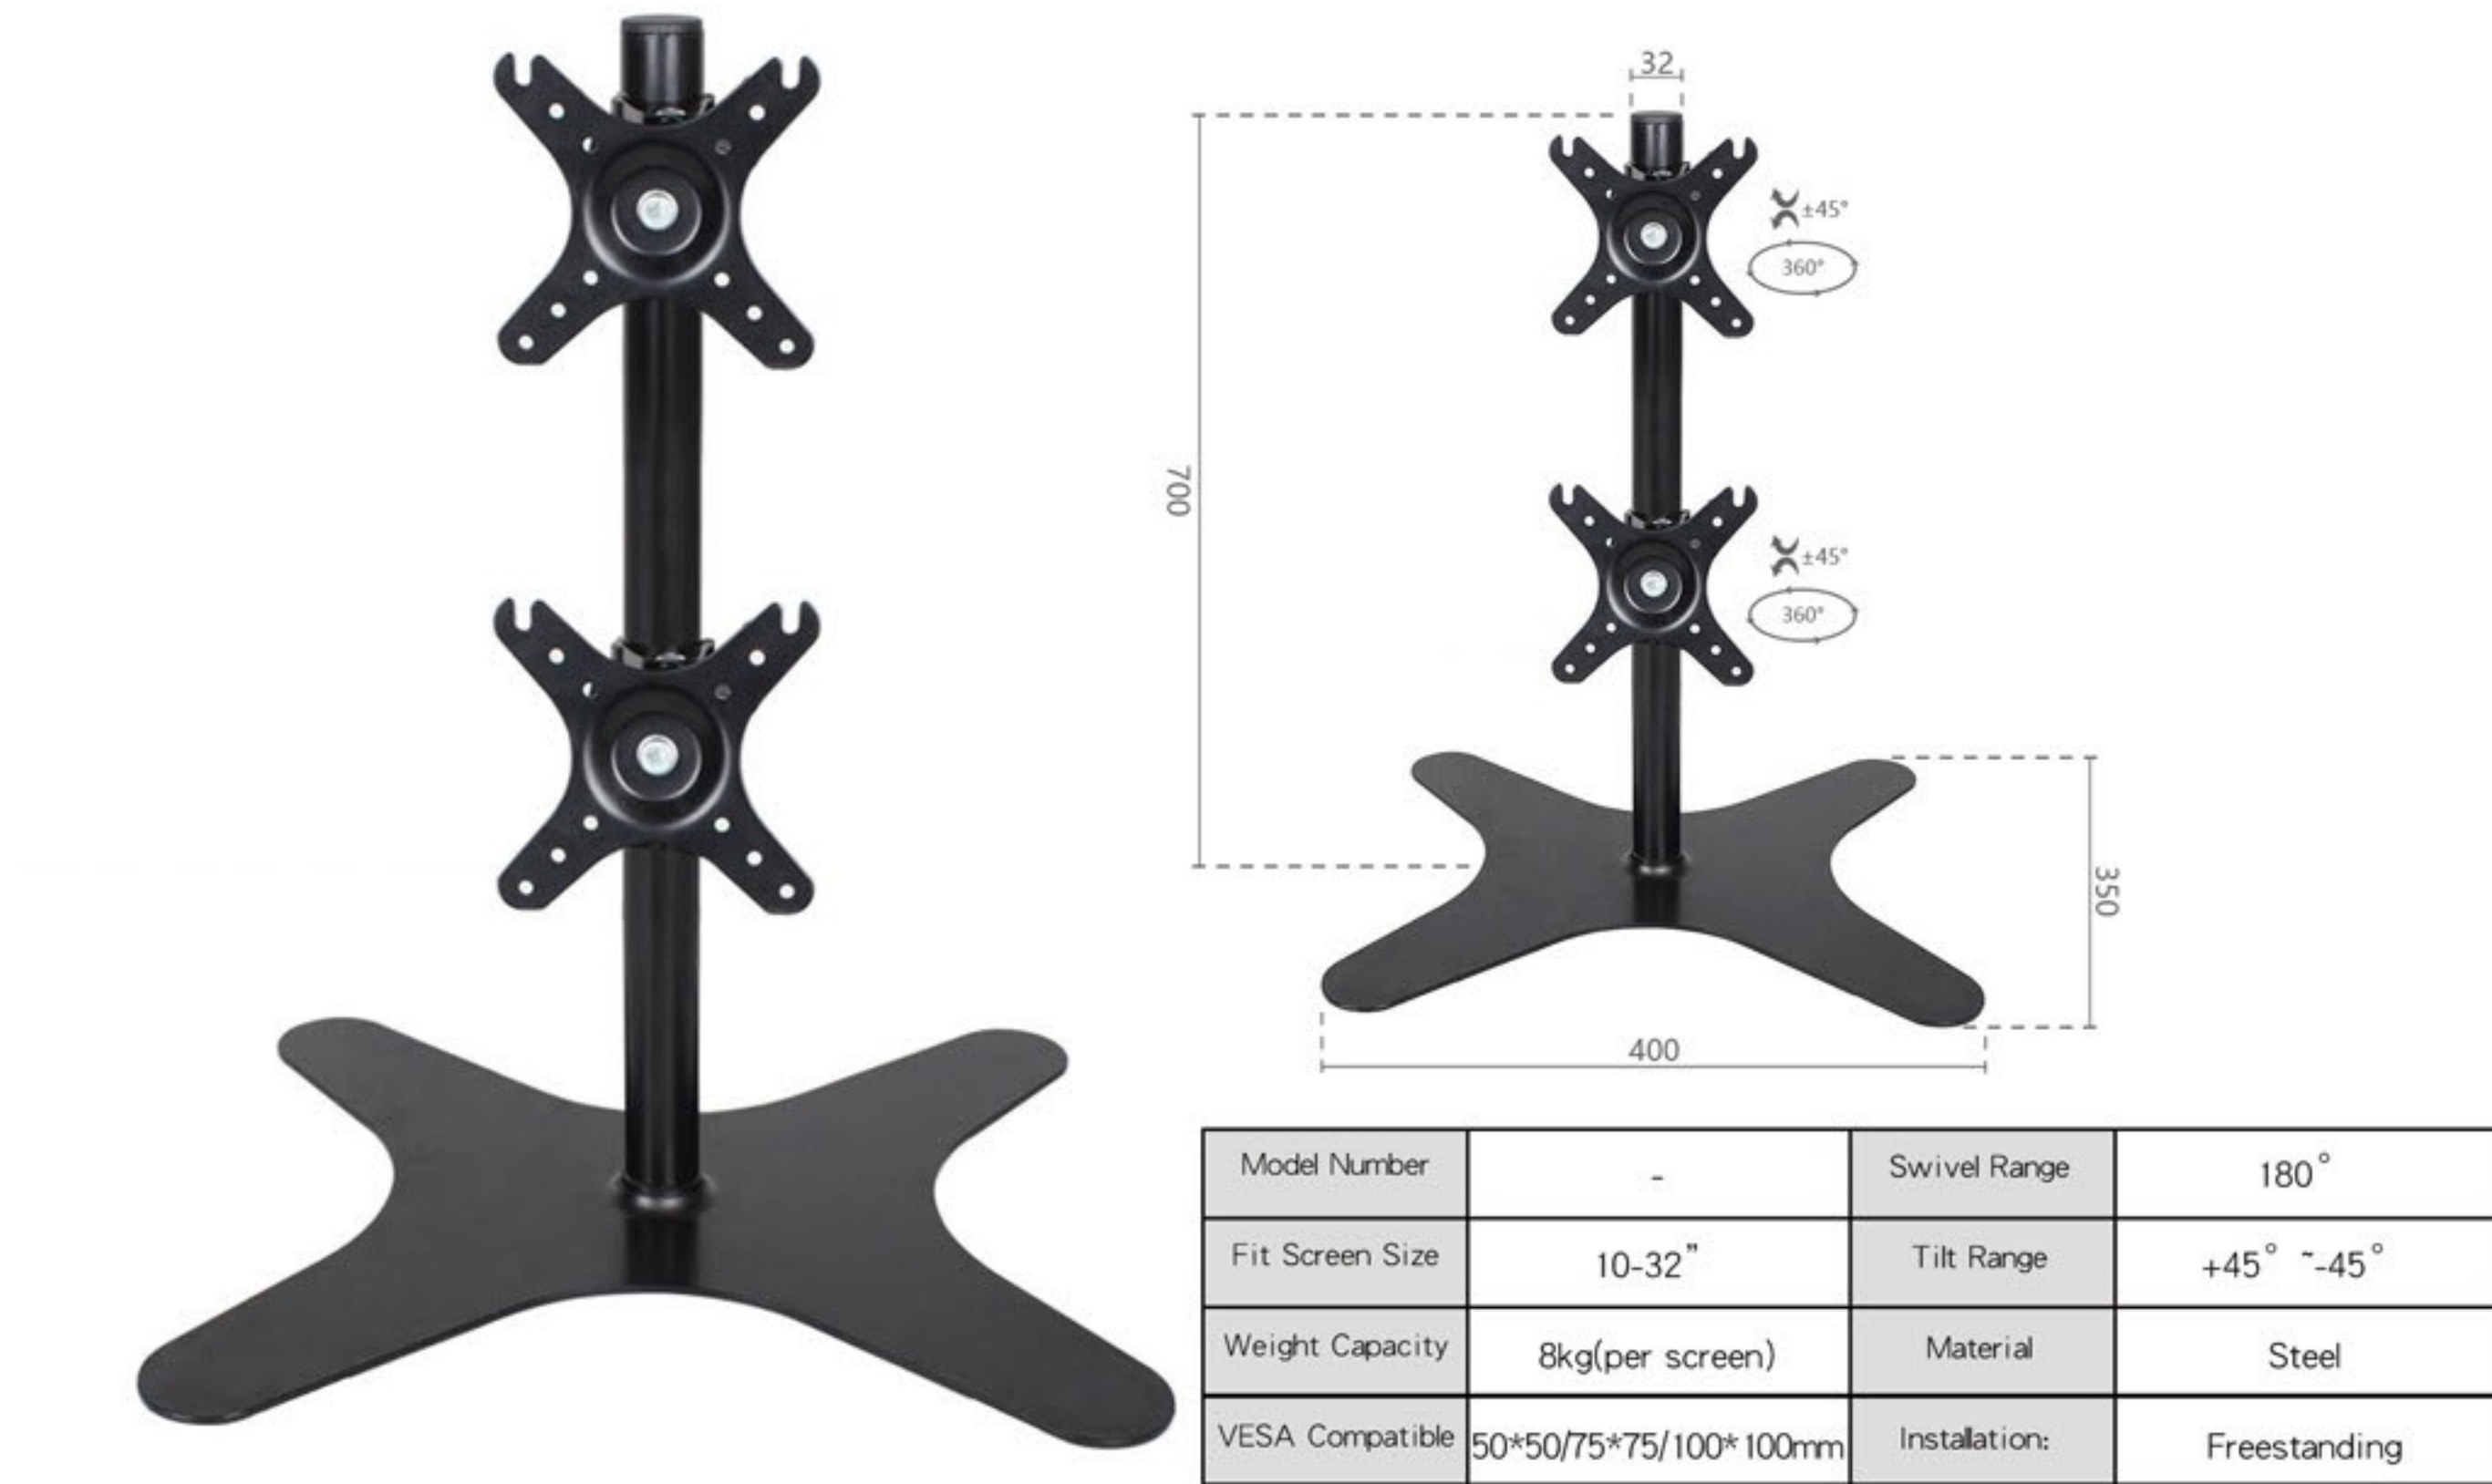

Model Number	XDZ26-H700	Swivel Range	360°
Fit Screen Size	14-27"	Tilt Range	+45° ~-45°
Weight Capacity	8kg(per screen)	Material	Steel
VESA Compatible	50*50/75*75/100*100mm	Installation:	Freestanding
